## Election Officers, Precinct 3.

John J. Brooks, Warden  
Rueben J. Whitcomb, Deputy Warden  
Leslie Guild, Clerk  
John J. Buckley, Inspector

## REPORT OF THE SELECTMEN and Sewer Commissioners

**Organization**—The Selectmen and Sewer Commissioners organized on January 20, 1936 with Charles P. Roundy, Chairman, Willis D. McLean, Clerk, Thomas B. Ahearn, William F. Sline, Sr. and David W. Kelley. During the year 46 regular and 18 special meetings were held.

**Finances**—The total net bonded debt at this date is \$370,500, a net reduction from last year of \$35,500. Maturities of \$57,500. were paid and additional indebtedness of \$22,000. incurred which was borrowed from P. W. A. project 1179-R, Streets and Sewers. A further contingent borrowing of approximately \$23,000. has been authorized by the Town for P. W. A. Project 1374 to provide additional sewer and street construction. Outstanding short term loans in anticipation of revenue are \$100,000. which amount is unchanged from last year. The lowest rate of interest paid during the year and an all time low, was 0.17% per annum.

The Excess and Deficiency account, which serves as a reserve against uncollected taxes, shows a credit balance of \$126,974.91, an increase of \$21,451.26 from last year. Uncollected taxes excluding those of the current tax year are \$46,000.00. It would appear desirable to consider a transfer from the Excess and Deficiency account of about \$35,000. to apply against next years appropriations, thereby effecting a reduction in the amount to be raised by taxation.

**Reserve Fund**—Transfers from this fund, as authorized by the Appropriation Committee, were as follows:

Election and Registration .....	\$30.00
Forest Fires .....	265.00
Special Unemployment Fund .....	5,750.00
New Road, Summer St. to State Highway .....	113.09
Sidewalk Repairs .....	1,500.00
Fuel — Public Buildings .....	1,266.86
Emergency Repairs, High School .....	4,000.00
Old Age Assistance .....	4,137.50
Parks, Swimming Pool .....	650.00
Town Clock .....	25.00
<b>Total</b> .....	<b>\$17,737.45</b>

**Jury Service**—The following jurors were drawn during the year;  
George Briggs, Howard A. Clark, William P. Dana-

her, John Landers, George Lamore, T. Joseph Morrissey, Edward Madigan and Evans F. Spear.

**Board of Appeals**—The following permits were granted:

January 9, 1936—H. Maynard Gould, Cor. Washington and June Sts.

Addition to existing garage.

May 7, 1936—Herbert M. Carr, existing dwelling East St.

Alteration

May 28, 1936—Edward Grongross, 20 Bowker St.

Alteration to existing dwelling.

July 30, 1936—Albert Pare', 400 Common St.

Changing a single family dwelling to two families.

October 15, 1936—Joseph Gallo, 938 East St.

Altering an existing building.

October 29, 1936—Henry Hildebrand, 356 Fisher St.

Alteration to an existing building.

December 4, 1936—Albert Remivicus, 203 Main St.

Alteration to an existing building.

December 14, 1936—Panfilo, Lacivito, 273 Washington St.

Altering an existing dwelling.

**Welfare and Unemployment Relief**—Because of the cessation of operations by the Multibes-tos Company following that of the S. Gray Company, the problem of unemployment relief—for five years acute—became more pressing.

Inclusion of \$12,000 for unemployment relief in the appropriation for the Reserve Fund allowed the Selectmen after conferences with the Appropriation Committee to carry on public works for relief purposes. In February a joint meeting with representatives of the manufacturers of the Town resulted in the setting up of a Committee on Employment which placed many in regular employment in our industries.

P. W. A. Project 1179-R relieved the situation to a degree. Continuance of W. P. A. projects, mostly sewers, sidewalks, drains, brush cutting and the sewing unit, kept many of our families from that want which otherwise would have been the case.

Again we call attention to the advisability of placing a greater reliance on local rather than Federal or State supervision and discretion of the Public Relief activities. This will eliminate many of the most difficult and distressing inequalities and unwise discriminations.

The numbers receiving relief directly or indirectly continue high—about 229 or about 3% of the population. The Board of

Public Welfare has continued with its normal working, showing expenditures of \$26,300.00 as compared with approximately \$25,000.00 in 1935. Old Age assistance under Federal and State laws is apparently with us to stay on a more extensive and costly basis than has been the case. The total expenditures for these purposes amounted to—

W. P. A. ....	\$28,035.51
Unemployment Relief .....	5,749.90
Welfare .....	26,300.00
Old Age Assistance .....	11,919.30
Total .....	<u>\$72,004.71</u>

**Perambulation**—The following town lines were perambulated:  
Sharon, Foxboro, Norfolk, Dover, Westwood, and  
Norwood.

**Conclusion**—Following this report are the detailed reports of the various departments, Town Officers, and Committees with the usual statistics and records.

CHARLES P. ROUNDY  
WILLIS D. McLEAN  
THOMAS B. AHEARN  
DAVID W. KELLEY  
WILLIAM F. SLINE, SR.

## REPORT OF THE TOWN ENGINEER AND SUPERINTENDENT OF SEWERS

### To the Board of Selectmen:

I herewith submit my report as Town Engineer and Superintendent of Sewers for the year ending December 31, 1936.

With the great volume of work completed this year the town has secured many needed Public Property Improvements of definite value. Our affiliation with the Federal Relief Program has aided us materially in obtaining this goal.

### Highway Department

This department has had a successful year completing roads of long life as well as surface treating many others. The reduction in the amount of money requested was offset by placing unemployed upon this work.

The \$3,704.49, our share of the \$13,000,000 so-called Curley Bond issue, held over from last year, was allacated to East Street construction by the Massachusetts Department of Public Works. This was used in conjunction with a W.P.A. Project and East Street was constructed from School Street to the residence of Mr. William Bruce.

Penetration macadam 30' wide with granite curbing was constructed after the W.P.A. had completed all sewer construction within these limits and the Water Department had renewed all the water services to the street line.

Under Chapter 90, a grant of \$9,375.00 was secured from the Commonwealth for the construction of East Street. The town appropriated \$12,500.00 for this work.

This construction consisted of Penolithic pavement 30' wide from the end of the W.P.A. construction to the residence of Mr. Willis Hoyt. Proper drainage was provided and curbing installed in places where shoulders might be damaged by wash. This type of pavement is introduced as a superior type of asphalt macadam and the first of its kind built in Walpole.

Application for Chapter 90 funds have been made for additional construction next year of East Street and a portion of Coney Street.

Federal and Congress Streets were rebuilt this year, the construction being 24' tar and gravel. Other streets rebuilt will appear under the P.W.A. Report.

The following streets were resurfaced:

Ossipee St., Pocahontas, Shawnee, a portion of Moose Hill Road, a portion of West St., Lincoln Road, Massachusetts Ave.,

a portion of Prospect St., a portion of Stone St., a portion of Plimpton St., Neponset St., a portion of Grover St., Washington St. from Short St. to High Plain St., part of Clark Ave., Short St., 1800 linear feet of Summer St., Coney St. from the Super-Highway to the Sharon line and a portion of South St. In this department, including P. W. A., there was 11,775 linear feet of roads rebuilt and 22,900 linear feet resurfaced.

Our crushing plant only operated part time and in order to secure material at a reasonable cost the plant should be moved to our new pit on South Street.

Snow removal was a serious problem this year due to the heavy falls and low temperatures. Our equipment is in fair condition, as is the equipment in the highway department, but the old Mack truck should be replaced if we expect the fast and efficient operation in the removal of snow as in the past.

For the maintenance of Chapter 90 roads which include High Plain St., County, Elm, a part of Washington St., a part of Common St. and a part of East St., the State and County each allocated \$750.00 to aid us in this work. The town appropriated \$1,000.00 for this work. The brush was cut on both sides of these streets, fences repaired and repainted, new highway guard added and shoulders treated.

### **Tree Department and Insect Pest Extermination**

There was a marked improvement this year of the damage caused by the elm leaf beetle, in fact, very few areas were found infected and our leaves remained on the trees the maximum time.

Several large trees were removed due to death and road construction, while one hundred and fifty new trees were planted on various streets in town and others added to our nursery.

Large areas were creosoted and sprayed in different parts of the town to combat the gypsy moth. The W.P.A. added materially in this program.

### **Parks and School Grounds**

This department has operated almost entirely on a maintenance basis. From the P.W.A. project which involved the rebuilding of Common Street, considerable fill was added to Memorial Park.

The bleachers at the Athletic Field in the rear of the Plimpton School were completed during the year by the W.P.A. However, we were unable to do any work on the field due to the reduction in the number of W.P.A. workers. This project should be completed next year.

The swimming pool was operated as in previous years with

satisfactory results. The report of the Supervisor will be found elsewhere in this report.

The small park areas and Common were maintained and Christmas trees were placed in the Walpole and South Walpole Commons. The triangular plot at Allens Corner was outlined by a granite curb.

Granite curbing had been placed around both Commons in the centre and tulip beds planted. This was a W.P.A. project and it is hoped to complete the grading and cement walks in the early spring of next year.

Our Town Forest and Game Preserve was patrolled as in previous years as a safeguard against fire and vandalism.

Near the close of the year Joseph Ryan, the foreman of this department for fourteen years, passed away. Mr. Ryan was a very efficient and courteous foreman and his loss will be a severe handicap to the department.

### **Repairs to Public Buildings**

Again this year, after a joint meeting of the Board of Selectmen, School Committee and myself, a definite program was advised and the following repairs made:

- Complete repairs to the Bird School roof.
- New roof over the gymnasium in the High School.
- Boiler room leak in Fisher School.
- Fire escape at the Stone School.
- Part of roof repairs at the Town Hall.
- Part of plumbing repairs at the Bird School.
- Hot water heater at the East Walpole Fire Station.
- Part of electric illumination at the Public Library.
- Additional electric illumination at the Plimpton School.
- Additional illumination in Room No. 112 in High School.

It is well to note that a large portion of the budget was devoted to roof repairs. Our aim is to strengthen all roofs of buildings against the elements, thereby stopping the demand for expenses caused by the damage of leaky roofs. There are many necessary repairs still to be made but I feel that a definite gain has been made this year. Under the W. P. A. we have painted the following buildings:

- East Walpole Fire Station.
- Central Fire Station.
- Town Hall.
- Interior of the High School.

### **High School Ceilings**

At 9:05 A. M. December 16th the ceiling in Room 205 at the High School fell. Upon investigation it was evident that the ac-

cident was due to poor construction. The improper nailing of the expanded metal wire lath to the spruce furring strips was the direct cause of the accident. After investigating the other rooms I ordered several closed and notified the State Building Inspector, who, after investigation, made similar recommendations. The School Committee met that night and closed the building until such time as the ceilings were made safe for pupils, teachers and general public. A joint meeting of the members of the School Committee, the Board of Selectmen, Superintendent of Schools, Building Inspector and myself was called that evening at the Principal's office in the High School. Mr. William G. Upham, of Norwood, was called to attend this meeting and he recommended that a complete survey of the conditions should be made. The J. R. Worcester Company of 76 Milk Street, Boston were ordered to make this survey with recommendations of a safe way to remedy the condition of the ceilings. This survey was made under the supervision of Mr. Gilbert Small a member of the firm. Their summary follows:

"Since the failure of the ceiling of Class Room No. 205 on Wednesday, December 16th, our inspector, Mr. Turner and the writer have each made three visits to the High School building. We have had two meetings with your Town Officials and have kept constantly in touch with Mr. Libby, your Town Engineer, and with Mr. Meyers, your Building Superintendent.

Our last visit was on Friday, January 1st. We found that the repair work was practically completed in all rooms except toilets, library and auditorium. Classrooms and corridors will be ready for occupancy on Monday. The men in charge of the work deserve credit for the expeditious way in which it has been handled.

"The direct cause of the failure of ceiling in Room No. 205 and of weaknesses noted elsewhere was the insecure nailing of the lath. Weak ceiling supports under wide ducts and somewhat insecure bond between the first and second coats of plaster were discovered as contributing factors to the weakness. The method of reinforcement adopted will render all ceilings secure.

"In retrospect, we believe that had we not been forced to make somewhat hasty decisions, that a way might have been found to avoid a complete wrecking of all the old ceiling areas of Rooms No. 201 to No. 206 inclusive. But we doubt if it would have been possible to save the areas beneath the wide ducts. Had more old ceiling been salvaged there would have been less sheet rock required and less debris but final results as to strength would have been the same. In addition to re-establishing strength, you have also secured an acoustic ceiling of good appearance

possessing desirable insulating qualities. These factors are valuable additions to the original building.

"During our inspection we could not fail to note the quality of material and workmanship in the major structural portions of the building. These we found to be first class. There were no excessive deflections in steel or in timber and the quality of both appeared excellent.

"In a separate letter to Mr. Fred Tetreault, we comment upon a connection between three beams and the large steel girder over the gymnasium. When these minor details have been bolted, we can state that all structural members which we have seen, are, in our opinion, satisfactory."

This work was carried out in detail and in accordance with the above report and we are at present working on the ceiling of the auditorium and the auditorium balcony. The entire job will be completed about the middle of January.

### **Purchasing Department**

This department has functioned with its usual success in the saving of money. These savings are affected by a grouping of quantities, standardization of the number and kinds of articles, definite specifications, buying when prices are low, adequate inspection and having a central storehouse which is under the supervision of an individual.

### **Health Department**

This department has been under the administration of Dr. William H. Maguire who was reappointed this year and has given the Town his usual efficient service. I thank him for his fine work and co-operation. Our sewer system, as shown by its report, has grown to a promising department. The garbage has been collected efficiently and the dump cared for in a very satisfactory manner.

### **Sewer Department**

The department as stated in the report of the Health Department has grown considerably in the past year. Other than maintenance, all work in the department was carried on through Federal projects. Thirty-two services were installed during the year, one being a municipal building. The laterals constructed by Federal aid consisted of 400 linear feet of 8" lateral sewer on Riverside Place, 1286 linear feet of 8" lateral sewer in Plimpton Street, 1016 linear feet of 8" lateral sewer on East Street, 710 linear feet of 8" and 91 linear feet of 6" lateral sewer on Lewis Avenue and 1548 linear feet of 12" and 357 linear feet of 10" on the Main Outfall Extension. Additional extensions will be found under the

P. W. A. report. An application from residents of Pleasant Street has been made for lateral sewer construction.

With the completion of all present sewer construction, and that on Washington and Pleasant Streets in East Walpole and a small section on Stone Street, it would seem that this system would take care of most of the unsanitary places in town.

We have, up to the present time, approximately eight miles of sewer, assessments amounting to \$6,0649.00 have been made and assessments of \$6,177.00 will be made this coming year on any construction that may be completed in 1937.

### **Water Department**

Due to the disability of Mr. Wilson, Mr. Harold Willis was appointed foreman of this department. It has had a very busy year, the additional work of renewing all service pipes on the newly constructed streets, the lowering of water mains, as well as the routine work of the department involved much overtime.

The 250,000 gallon standpipe at West Walpole was cleaned and repainted both inside and out. Its condition was found good, very little pitting having taken place. Paint complying with the specifications of the Metropolitan Water System was used.

1220 linear feet of 6" water main was installed on High Street, 520' of 6" main on Granite Street and 1000 linear feet of 6" main on Park Lane. This latter project is not completed but is still under construction. All of these mains were installed under W.P.A. projects.

All hydrants on the newly constructed streets were individually gated and twenty-two new services were added making a total of 1687 water takers.

The cleaning of the mains in South Walpole was not attempted during the year as we were unable to take care of the road surfaces with all the other work we were obliged to finish.

The equipment in the department is in excellent condition and seems to be adequate for the coming year.

The total output for the pumping station was 374,992,000 gallons, a decrease of 13,828,000 gallons from that of 1935.

### **Works Progress Administration**

The Works Progress Administration continued throughout the year but changes and modifications were made in the rules and regulations which eliminated many of the objections which town and city officials had against this program. Quotas were established for each municipality, and in most cases was far below the number of unemployed within these communities.

Our quota was established as seventy-nine while we have sixty other cases applying for work. I have tried repeatedly to have this quota increased but without success. A list of the projects undertaken this year with the proportion of expenses of the Town and of the Government follows:

## REPORT OF THE TOWN ENGINEER

27

Project No.	Description	Federal Expense	Town Expense
X-20311E4-U-4	Operation of Swimming Pool	3,501 58	208 23

**Public Works Administration Project Mass. 1179**

This contract was awarded Larusso & DiPietro as stated in the report of last year. Due to government regulations we were obliged to start this construction at an earlier date than we desired, completion being made November 14, 1936. Under the project the following work was performed.

**Sewers**

363 linear feet of 12" lateral sewer on Chestnut Street.
1252 linear feet of 8" lateral sewer on Union Street.
785 linear feet of 12" lateral sewer on Wolcott Avenue.
1024 linear feet of 8" lateral sewer on Rhoades Avenue.
1177 linear feet of 4" C. I. Pipe for house connections.

**Drainage**

302 linear feet of 10" concrete pipe on Chestnut Street.
360 linear feet of 10" concrete pipe on Union Street.
600 linear feet of 15" concrete pipe on Wolcott Avenue.
278 linear feet of 12" concrete pipe on Wolcott Avenue.
175 linear feet of 10" concrete pipe on Wolcott Avenue.
490 linear feet of 12" concrete pipe on Rhoades Avenue.
350 linear feet of 10" concrete pipe on Rhoades Avenue.
1045 linear feet of 15" concrete pipe on Common Street.
310 linear feet of 12" concrete pipe on Common Street.
400 linear feet of 10" concrete pipe on Common Street.
806 linear feet of 15" concrete pipe on School Street

**Road Re-Building**

150 linear feet of 24' wide penetration on Clark Ave.
100 linear feet of 24' wide penetration on Ellis Street.
200 linear feet of 30' wide penetration on Ellis Street.
150 linear feet of 30' wide penetration on Front Street.
175 linear feet of 26' wide penetration on Lewis Avenue.
375 linear feet of 24' wide penetration on Riverside Place.

150 linear feet of 30' wide penetration on School Street.  
100 linear feet of 24' wide penetration on South Street.  
300 linear feet of 26' wide penetration on Chestnut Street.  
1700 linear feet of 26' wide penetration on Union Street.  
770 linear feet of 24' wide penetration on Wolcott Avenue.  
1125 linear feet of 21' wide penetration on Rhoades Avenue.

Granite curbing was added to all the above streets with planting strips between the curb and the sidewalk. Sidewalks were changed to conform to the new grade. During the construction we received splendid co-operation from the Federal Emergency Public Works Administration under the leadership of Mr. Andrew H. Peterson, Director. Upon the completion of the contract we have added to the sections of the Town involved in the construction, permanent public property improvements.

The co-operation of the contractors and consulting engineer is greatly appreciated.

#### **Public Works Administration Project, Mass. 1374**

At a town meeting held on December 7, 1936, it was voted to construct lateral sewers on Washington Street from the Norwood line to the Neponset River, and to rebuild said street, also to construct lateral sewers on Common Street and rebuild Common Street from the end of the present construction to Shawnee Street.

An application to the Federal Government for a grant to aid in this work was forwarded, the grant asked for being \$23,535.00, the cost to the town being \$28,765.00.

The State Emergency Finance Board has already approved the action.

Plans and specifications are being made.

In closing, I express my appreciation for the loyal support of the Selectmen, their kind advice and council having aided me in many ways. To my assistant and all other employees who have aided me in any way, I express my sincere thanks.

FREDERICK F. LIBBY,

Dec. 31, 1936.

Town Engineer and Purchasing Agent.

## SUMMARY OF STATISTICS

FOR THE YEAR ENDING DECEMBER 31, 1936

## WALPOLE WATER WORKS

Population of Walpole, Census of 1935, 7449

Area, approximately 23 square miles

Date of Construction, 1895-addition made to plant in 1918 and 1926

Source of Supply, 141 Driven Wells.

Mode of Supply, Pumping to Mains and Standpipes.

## Pumping Statistics

## 1. Builders—

Dayton Dowd Co., DeLaval Steam Turbine Co.  
New London Ship and Engine Co.

## 2. Fuel—

Electricity, oil

Average price of electric current per K. W.,  
Edison .....

.012

Electric current consumed for the year in  
K. W. hours .....

343,450

3. Total pumpage for the year in gallons with  
electricity .....

374,992,000

4. Average static head against which pump works  
in feet .....

156

5. Average dynamic head against which pump  
works in feet:

Dayton Dowd .....

184

DeLaval .....

170

## Statistics of Consumption

Estimated population along the pipe lines .....

7,275

Total number of water takers .....

1,687

Stores .....

41

Barber shops .....

4

Mills .....

6

Public Garages .....

9

Number of 1" meters in use .....	25
Number of 1½" meters in use .....	5
Number of 2" meters in use .....	18
Number of 3" meters in use .....	2
Number of 4" meters in use .....	10

## STATISTICS RELATING TO DISTRIBUTING SYSTEM

Kind of pipe .....	Cast Iron
Sizes .....	6" to 16"
Extended during the year in feet .....	2,715
Total now in use .....	47.17 miles
Total number of hydrants added during the year .....	2
Range of pressure on mains (in pounds) .....	30 to 110

## Services

Kind of pipe .....	Copper, McWane Cast Iron, Cement lined, Lead lined, W. I. Gal- vanized
Sizes .....	¾" to 2"
Extended during the year in feet .....	2600
Number of new services .....	22
Total number of services now in use .....	1687

**REPORT OF THE HEALTH OFFICER****To F. F. Libby, Town Engineer:**

The activities of this department have been carried on as in previous years. The personnel has remained unchanged and is functioning effectively. I appreciate their co-operation in matters of public health.

The most marked change I notice is the number of cases of tuberculosis we have been able to drop. These were taken care of in former years in different hospitals. We have but three, against sixteen which we had in the hospitals some years ago, all supported by the town. It is interesting to note that the incidence of tuberculosis is declining throughout the State.

The only other expensive contagious disease with which we contend is infantile paralysis. We still care for three crippled children and one of these cases has cost the town about \$1,000.00 for a period of a little over a year.

Our dental clinic is maintained as usual with repair work concentrated in the lower grades. The educational end of this clinic is well managed by our dental hygienist.

I keep in close contact with our district health officer and the State Department of Public Health in all things pertaining to public health. This co-operation has worked to our mutual advantage.

I am enclosing for your perusal and publication in the Town Report the reports of the heads of the various departments connected with public health.

WILLIAM H. MAGUIRE,

Dec. 31, 1936.

Health Officer.

---

**REPORT OF THE DENTAL HYGIENIST****To William H. Maguire, Health Officer:**

My report for the year 1936 follows:

Bearing in mind the goal of the dental hygiene teacher "Early and good dental habit formation," the educational part of the program was stressed for the first grades.

In order to form these good dental habits, monthly inspections and graded instructions were given in home care, right foods, proper exercise and the value of the dentist.

Leaders in education and dental health believe that if correct dental habit formation can be established it will result in sound teeth both for the school child and the adult.

As a further educational demonstration and incentive 853 children had their teeth cleaned.

The clinical part of the program consisted of the direction of the clinic, clerical work and time spent in various clinics with the school nurse.

May I thank you, Dr. Maguire, the school department and the parents for their kind support and co-operation.

ALICE E. BOURASSA,

Dec. 31, 1936.

Dental Hygienist.

---

### REPORT OF MILK INSPECTOR

**To William H. Maguire, Health Officer:**

In 1936 the Health Department issued fifty-six licenses to sell milk or cream. Thirty-four of these were issued to stores and restaurants. Seven local permits were granted to producers who retail less than twenty quarts daily. One application for a permit is on file pending compliance with our regulation relative to maintaining a Federal Accredited Herd. One hundred and twenty-seven farms supply milk for Walpole. These are located in a milk shed within a thirty mile radius. The operators of these farms have been issued a Certificate of Registration by our State Department of Agriculture, by reason of annual inspection by either a local or a State Inspector. Several have been approved for production of Grade A raw milk.

Recently a memorandum was mailed to each owner of dairy animals in the town calling attention to all regulations which must be complied with. As a result one herd was discovered, the milk of which is sold wholesale to a pasteurizing plant, which was not under test for bovine tuberculosis. The necessary steps have been taken to remedy this condition. Many of our dairy cattle owners apparently do not sell any milk or are not complying with the law requiring them to apply for a permit. Anyone buying milk from a producer with a small herd ought to ascertain whether that herd is under inspection.

The customary inspection of dairies, barns, animals and analysis of milk and cream samples has been made throughout the entire year. My records list over one hundred samples of milk and cream that have been examined for butterfat and total

solids, and many for sediment, flavor, acidity and approximate bacteria content. In a very few instances, about three percent, the milk has fallen below the State Standard. Forty per cent have tested four per cent butterfat or higher. The rest have ranged from 3.4 to 4.0 per cent, mostly around 3.8%. In all instances a report has been sent to the ones concerned with the samples tested.

The School Department has continued to use pasteurized milk from the Norfolk County Agricultural School where an excellent herd of cattle known to be free of disease is maintained.

Two licenses to maintain an establishment for the pasteurization of milk were granted. A total of forty-eight dollars was collected and turned over to the Town Treasurer.

WILLIS H. HOYT,

Dec. 31, 1936

Inspector of Milk and Dairies.

### REPORT OF ANIMAL INSPECTOR

**To Dr. William H. Maguire, Health Officer:**

I herewith submit my report as Animal Inspector for the year 1936:—

An increase is noted in the number of persons bitten by dogs.

A clinic was held to vaccinate dogs against rabies.

During the year twenty-one (21) cattle were examined from outside the State and admitted to herds.

Yearly inspection of animals and premises:—

Number of places visited ..... 55

Number of animals inspected:—

Cattle ..... 481

Hogs ..... 47

Sheep ..... 5

Goats ..... 12

F. X. MAGUIRE,

Dec. 31, 1936.

Animal Inspector.

### REPORT OF THE SUPERVISOR OF SWIMMING POOL

**To Mr. F. F. Libby, Town Engineer:**

My report as supervisor of the Memorial Park Swimming Pool follows:

The pool was run on the usual schedule by town funds with Mrs. Chester Gove as matron. The season was from June 30th to September 5th. This year, 11,866 swims were had, an average of 219 per day. 1152 different individuals enjoyed the privileges of the pool. This is Mrs. Gove's tenth year of service to the boys and girls of the town of Walpole, and my ninth year.

STANLEY C. FISHER,

Dec. 31, 1936.

Supervisor.

### REPORT OF SLAUGHTER INSPECTOR

To Dr. William H. Maguire, Health Officer:

I herewith submit my report as Inspector of Slaughtering for 1936:—

Number of hogs slaughtered ..... 104

F. X. MAGUIRE,

Dec. 31, 1936.

Inspector of Slaughtering.

### REPORT OF PLUMBING INSPECTOR

To Dr. W. H. Maguire, Health Officer:

I present the following list of Plumbing Inspections for the year ending December 31, 1936.

Owner	Location	Plumber	Date - 1936
E. F. Jones	High Plain St.	E. F. Onion	Jan. 2
H. Miller	Summer St.	E. F. Onion	Jan. 3
H. Cicchi	Benny St.	G. Holmes	Jan. 8
W. Paine	North St.	H. Mackay	Jan. 20

EDWARD F. ONION,

Dec. 31, 1936.

Inspector of Plumbing

## REPORT OF THE BOARD OF PUBLIC WELFARE AND OLD AGE ASSISTANCE

### To the Board of Selectmen:

In compliance with the Town Charter, the Board of Public Welfare herewith submits the annual report for the year 1936.

Our activities from January 1, 1936 to September 1, 1936 were as approximately estimated, and we have kept within our regular appropriations for both departments throughout the year. As a matter of fact, in the Bureau of Old Age Assistance, we managed to save considerable money. Sickness and hospitalizations together with emergencies have continued to be major expenditure throughout the year.

The Public Works Administration and the Works Progress Administration, together with the Town Unemployment Fund, which has approximated \$9,000.00 per month, have had considerable bearing on the Welfare appropriation. The Federal Commodity Warehouse and the sewing project, which is sponsored by our Department, have been continued throughout the year. The clothing and food which have been distributed have approximated \$14,000.00. Since September 1st activities of the Bureau of Old Age Assistance have increased more than 100%. This, as you know, was necessitated by the passing of the Federal Social Security Law which dropped the Old Age Assistance age limit to 65 years of age, and further qualified a larger number which were not qualified under the previous statute. The enactment of legislation by the Commonwealth of Massachusetts to conform to the Social Security Act has resulted in a large annual increase for this department. Further, with the enactment of this legislation the duties of this department are not merely to disburse charity as in the past, but we are now under statutory obligation to give adequate financial assistance and not merely charity and advice.

You well know that criticism has been our daily portion throughout the year. The Board is berated by some if it gives aid in certain cases and is berated by others if it does not give aid in those very same cases. We have to encounter various opposing views on the part of those interested in the various cases. Although the legislation does not discriminate between normally degenerate or miscreant individuals, we have been obliged to use drastic and perhaps harsh measures in some cases.

Walpole is and has been very fortunate in that larger expenditures have not been called for. The annual appropriation of \$26,300.00 for the Welfare Department has been sufficient to

carry us through, together with other various governmental activities. In the Bureau of Old Age Assistance \$4,137.50 was transferred from the Reserve Fund to this Department in September to care for the additional requirements under the Social Security Act; however, it was not necessary to spend this additional money, and we have saved other funds in this department in addition thereto. Perhaps some of these savings may have to be expended next year, but we are hopeful that it will not be necessary. From these savings, \$3,200.00 was transferred to the various other departments in December which were short in their appropriations.

It is extremely difficult for our Department to estimate our needs for a given year although we have been fairly accurate over a period of time. There are various factors in connection with the welfare which will require a slight increase in Welfare appropriation for the year 1937. In the Bureau of Old Age Assistance we are spending more than 100% over the year 1935, but we are hopeful that on account of money which the town will be required to raise from taxation the amount required for the year 1937 will be less than for the year 1936 if we receive our estimated receipts from the federal government under the Social Security Act. The figuring of our reimbursements under the Social Security Act from the federal government and from the State of Massachusetts is on the following basis: the Federal Government will reimburse us for 3/6 up to \$15.00 per month on the total on each case and the state will reimburse us 2/6 of the remainder. Of course, there are many exceptions to this amount in cases requiring large expenditures for hospitalization and medical care.

In complying with the Social Security Act, it has necessitated some additional expense for records and forms, and also as the statutes laid down require much greater investigation and follow-up on all of these cases every three months with reports to the Social Security Board and the Commonwealth of Massachusetts, it has been necessary for one member of the board to work on a full time basis, and this requires considerable travel in the re-investigation and record of living conditions each three months. This has entailed an additional cost for that work of \$15.00 per week, and this cannot under any circumstances be dispensed with if we are to follow the federal government's instructions and receive 3/6 reimbursement to which we are entitled.

Although private contributions have decreased considerably during the past year, we must with deep gratitude acknowledge the contribution of many grocery orders from the First National Stores and the splendid co-operation of the various fraternal organizations during the holidays, especially the Lend-A-Hand Club, which has contributed liberally to tonsil and adenoids operations.

The following is the case load of our various activities for the year:

Welfare Department	49 cases
Institutional care	8 cases
Cases in other cities and towns	8 cases
Old Age Assistance cases	50 cases
Old Age Assistance in other cities and towns	6 cases

In one case under extremely distressing circumstances, both father and mother died, leaving a large family of children, and at the present time we have about a dozen children without parents directly under the supervision of our board.

As requested, we have filed with your board a detail of our expenses for the year 1936, and the estimated recommended appropriations for the year 1937, the amount being for the Welfare Department approximately \$27,000.00, and for the Old Age Assistance approximately \$10,000.00; however, we are hopeful that the amount to be raised for the Bureau of Old Age Assistance may be materially reduced by the receipts of additional federal funds before the town meeting. Considerable money has been collected by the Welfare Department and the Bureau of Old Age Assistance which has been paid directly into general revenue, and the detail of this money may be secured by consulting the report of the Town Accountant.

With the advent of the Social Security legislation and conforming legislation by the Commonwealth of Massachusetts, your Welfare Board believes that higher appropriations and certainly more effort and supervision are required.

Regarding the suit which has been filed against the Town of Walpole by the City of Boston involving the Welfare Department, we understand that this has been turned over to the Town Counsel. As briefly stated by us before, this involves a number of cases with which we have been in conflict with the City of Boston for the past three years. We acknowledge settlement in several of these cases but refused to acknowledge settlement in others, and from all the data and information that we were able to gather, we did not see how they could be classed with a Walpole settlement. We have had a great deal of correspondence with them and advise them that if they would bill us separately on the cases which we acknowledged that we would have paid them over a year ago, but the City of Boston did not see fit to bill us except in such a matter that we would have to pay the other cases which we found did not have a Walpole settlement.

We wish to thank the Board of Selectmen and the other town officers for their splendid co-operation with us, and extend herewith the greetings of the season.

TIMOTHY E. DELANEY

NILLA BOCK

HAROLD E. TOWNE

Dec. 31, 1936.

Board of Public Welfare and  
Bureau of Old Age Assistance.

# REPORT OF CHIEF OF FIRE DEPARTMENT, FIRE ALARM SUPT., WIRE INSPECTOR AND TOWN ELECTRICIAN

## To the Board of Selectmen:

During the year the fire department has responded to:

60 Box Alarms  
19 Still Alarms

## Summary of alarms and fires for the year:

Building fires .....	24
Chimney fires .....	12
Automobile and Truck fires .....	11
Dump fires .....	9
False .....	8
Emergency or first aid .....	6
Dogs from ponds .....	3
Cats up poles and trees .....	4
Out-of-Town .....	2

We have laid 12,171 feet of hose and raised 300 feet of ladder.

Value of buildings burned .....	\$69,149.45
Loss on buildings burned .....	18,519.00
Insurance of buildings burned .....	75,300.00
Insurance paid on buildings burned .....	6,105.00
Value of contents .....	21,310.00
Loss on contents .....	15,064.92
Insurance on contents .....	7,750.00
Insurance paid on contents .....	4,254.92
Total loss on buildings and contents .....	33,584.92
Total insurance paid .....	10,359.92

I have inspected and issued the following permits:

- 50 Permits for storage of range oil.
- 44 Permits for storage of furnace oil.
- 4 Permits for use of dynamite.
- 6 Permits for sale of fireworks.
- 1 Permit for storage magazine for dynamite and  
blasting caps.
- 2 Permits for displaying fireworks.

All the fire stations were painted inside and out this year and it is appreciated very much. I hope the town will see fit to water-proof the outside of the East Station this coming year so as to protect the new paint. I also would like to have the East Walpole Engine painted this coming year.

The valves in the pumps of Engine No. 1 and No. 2 should be renewed this coming year, also booster brakes should be installed on Engine No. 1 and No. 2 and Ladder No. 1, as they do not stop quick enough for the traffic of today.

I also recommend that the car used as the Chief's car be traded in this year.

All schools were inspected as to fire drills and also have been instructed in fire prevention and how to send in a fire alarm in an emergency. I want to commend the school department on their good work.

Six more men have graduated from fire school under the Department of Education of Massachusetts.

I would like, if possible, to have the town, under W. P. A. put in a few water-holes in the outlying districts which would be a great help for both building and forest fires.

**Forest Fire Dept.**—We had 56 forest and grass fires this year, 1 of which was out-of-town. We were confronted by two bad forest fires to which outside help was called, the first being when the Turner Ice House fire set the woods adjoining Robbins Farm a fire to which Norwood was called. The second being the fire in the neighborhood of the Old Gay Estate off High Street to which Medfield was called.

If possible, under W. P. A., I would like to have some of the roads cleared of brush and repaired so fire apparatus can pass.

**Fire Alarm**—This year I have renewed some of the overhead wiring but there still remains a great deal more to be done which I hope to accomplish this coming year. Requests have been made for additional fire boxes, and I advise the people who wish them to have an Article in the Town Warrant.

**Town Electrician**—I have had 42 work orders come through the Town Engineer's office this year. I was able to finish the eight remaining rooms of the Plimpton School this year and they have proved very satisfactory.

I also rewired two reading rooms in the library at Walpole center and I hope to be able to complete the other room this coming year. I rewired the Selectmen's and Assessor's Rooms in the Town Hall, and put electric service under ground to Spear's, Kelley's, and the church property on Common St.

I would recommend that a set of ladders be purchased for use in this department.

**Wire Inspector**—I am pleased to report that I have made 250 inspections of electrical work, and have issued 280 permits. I still insist that electrical work be done by licensed electricians, as amateur work is very dangerous.

In closing I wish to thank the Honorable Board of Selectmen, the firemen, and people of Walpole, for their splendid support and cooperation.

CHESTER L. DONNELL,

Chief.

Dec. 31, 1936

## REPORT OF THE CHIEF OF POLICE

## To the Honorable Board of Selectmen:

I herewith submit my annual report of the Police Department of the Town of Walpole for the year ending December 31, 1936.

## Yearly Arrest Report

	Male	Female	Total

WILLIAM F. SMITH,

Sealer of Weights &amp; Measures.

Dec. 31, 1936.

FRANK L. GOULD

Born in Sharon, Mass., August 21, 1867

Died September 20, 1936

Elected Assessor March, 1920

Served continuously until his death, being  
chairman of the Board for the  
past fourteen years.

## REPORT OF BOARD OF ASSESSORS

## To the Citizens of Walpole:

We herewith submit our Annual Report for the year 1936, and for comparison we show the statistics for the year 1935:

	1936	1935
Number of Persons, Partnerships and Corporations Assessed on Property .....	2,149	2,161
Number of Persons Assessed for Poll Taxes .....	2,262	2,268
Value of Personal Property Assessed .....	\$3,704,063.00	\$4,088,484.00
Value of Assessed Real Estate:		
Buildings \$8,534,866.00	\$8,689,479.00	
Land ..... 1,555,500.00	1,548,619.00	
	10,090,366.00	10,238,098.00
Total Value of Assessed Estate	\$13,794,429.00	\$14,326,582.00
Number of Motor Vehicles Assessed	2,573	2,425
Number of Horses Assessed .....	78	85
Number of Cows Assessed .....	477	463
Number of Sheep Assessed .....	82	94
Number of Neat Cattle Assessed .....	13	11
Number of Swine Assessed .....	13	20
Number of Dwelling Houses Assessed	1,591	1,571
Number of Acres of Land Assessed	11,610	11,646
Number of Fowls Assessed .....	8,630	9,695
Town Grant (Appropriations) .....	\$548,791.45	\$533,620.86
Overlay Deficit (1932) .....	646.76	199.20
Overlay Deficit (1933) .....	7,338.84	25.86
Overlay Deficit (1934) .....	11,480.07	
Overlay Deficit (1935) .....	9,609.04	
Old Age Assistance Abatements .....		38.00
State Tax .....	20,330.00	20,330.00
Metropolitan Sewerage South Tax.....	12,237.88	12,237.88
South Metropolitan Sewerage Tax .....	11,297.28	13,800.00
Auditing Tax .....	207.59	501.76
Parks and Reservations Tax .....	193.65	130.00
Veterans' Exemption Tax .....	32.14	36.00
Public Health Valley of Neponset .....		471.92
County Tax .....	12,883.99	15,228.74
	\$635,048.69	\$596,620.22

Overlays .....	7,700.56	6,869.08
	<hr/> \$642,749.25	<hr/> \$603,489.30
Total Estimated Receipts Deducted	185,768.21	149,098.32
2,262 Poll Taxes at \$2.00 each .....	4,524.00	4,536.00
Property Tax .....	452,457.04	449,854.98
	<hr/> \$456,981.04	<hr/> \$454,390.98
<b>December Assessments:</b>		
Personal Estate .....	\$1,360.00	\$3,690.00
Real Estate .....		1,450.00
Additional Poll Taxes at \$2.00 each	66.00	10.00
Rate of Taxation Per Thousand .....	32.80	31.40

On October 1 we committed to the Collector \$16,054.42 as sewer assessments. Only a small number of these have been paid, and after January 1st the remainder will have to be apportioned into ten yearly payments.

Our esteemed Chairman, Frank Lewis Gould, having passed away on September 20th, a vacancy was left in the Board, which was filled by the remaining two members of the Board of Assessors and the Board of Selectmen, in the appointment of William B. Danaher. This office will be filled for the two years remaining in said term, at the annual election on January 18, 1937. In the death of Mr. Gould we have lost an Assessor who had the situation well in hand, having followed quite closely the laws in regard to taxation.

We recommend that the houses in the Town of Walpole be re-numbered during the coming year, so that there will be a definite number for any building erected on any street.

WILLIAM F. RIORDAN  
PAUL KLINGBEIL  
WILLIAM B. DANAHER

Dec. 31, 1936.

Assessors of Walpole.

## 61ST ANNUAL REPORT OF THE SCHOOL COMMITTEE

The School Committee presents this report for the year ending December 31, 1936 together with the report of our Superintendent.

At the first regular meeting the following officers were elected: Thomas H. Bateson, Chairman (Mrs.) Frances C. Maguire, Sec'y and the following Committees were appointed:

### Executive Committee

Ralph M. Wight  
Richard H. Kannally  
Denis O'Brien

### Textbooks Committee

(Mrs.) Mildred J. Howard  
(Mrs.) Frances C. Maguire  
Ralph M. Wight

### Health Committee

(Mrs.) Frances C. Maguire  
(Mrs.) Mildred J. Howard  
Denis O'Brien

### Committee on Teachers

Richard H. Kannally  
Ralph M. Wight  
(Mrs.) Mildred J. Howard

### Committee on Physical Education

Denis O'Brien  
Richard Kannally  
(Mrs.) Frances C. Maguire

(The Chairman is a member ex-officio of all committees).

The regular meetings of the School Committee are held on the first Monday of each month at 7:45 P. M. in the School Committee Room in the Plimpton School. It is the wish of the Committee that anyone having suggestions, problems, or desiring information on school affairs appear before the Committee when it is in session.

**Health**—Dr. Thomas M. Connell, Dr., Edward R. DeRoma, and Dr. Frederick H. Fuller, with the able assistance of our School Nurse, Miss Alice L. Downing, R. N., who was elected in January, 1936, have carried on their work most efficiently. By vote of the Committee, the School Physician assigned to the High School is required to give a thorough physical examination to every pupil desiring to take part in team sports. At least one School Physician is required to be present at all home football games.

The Schools have made their customary contributions to assist the Lend-A-Hand Society, the Norwood Hospital and the District Nurse Association in their health work.

**Artificial Illumination**—The installation of an adequate number of electric light fixtures has now been completed in all classrooms at the Plimpton School. As measured by a Sight-Light Meter, the amount of artificial illumination fully

meets the minimum recommendations for adequate vision in all of these rooms. When a similar installation has been made in one classroom at the High School, all of our classrooms will have been taken care of in this respect.

**Stone School**—In accordance with our recommendation, an outside steel fire-escape has been erected. The Boys' Toilet should be removed from its present location and a new one constructed on the first floor. This most urgent sanitary and safety measure has been recommended to the Board of Selectmen.

**Improvements**—At the Bird School, one classroom has been refitted with moveable, adjustable desks and seats. This modern type of equipment should replace the old style desks in our schools whenever replacements become necessary.

At the High School, a Public Telephone Booth has been installed in the lower corridor. This should prove to be a great convenience to visitors and to organizations using our school facilities.

**Repairs**—The following repairs to School Property have been made.

**Bird School—**

- Roof completely repaired.
- Ceilings of three classrooms replastered.
- Boilers fitted with Firemaster attachments.
- Automatic Water Feeders have been installed on the boilers.

**High School—**

- Roof over gymnasium and Junior Shop resurfaced.
- Ceilings of one shop and part of gymnasium have been soundproofed.

For 1937 the School Committee has recommended these repairs and replacements.

**Bird School—**

- Remove burlap and paint plaster under chalk trays in all rooms.
- Paint walls of stairwell, south-west corner.
- Resurface driveway, Washington Street around circle.
- Tower clocks.
- Improve drainage at South end of building.
- New locks on all outside doors.
- Replace all old flushometers (7 necessary)
- Install sink in Room 8.
- Repairs to heating equipment.

**Boyden School—**

Resurface driveway on north side of lot.

**Fisher School—**

Remake lawn.

Window Stripping.

**High School—**

Soundproof ceilings of cafeteria, and cooking and sewing room.

Construct wide concrete sidewalk from south exit to driveway—approximately 100 feet.

Install sliding doors over lunch counter.

Construct driveway from Common Street to North end of building.

Piping and water outlets for Athletic Field.

Complete new Athletic Field.

Repair circular driveway.

Additional electric illumination, Room 112.

New doors for Rooms 109, 110, 209, 210—2 outside doors.

Weatherproof walls and windows.

**Plimpton School—**

Repair wall or ceiling at leak, Grade 1.

Whiten all ceilings.

Construct concrete steps or areas at two rear entrances.

Lay maple floors in three classrooms.

**Stone School—**

Whiten all ceilings.

Construct Boys' Toilet on first floor.

Install switches for turning off lights from either floor.

**General Repairs—**

Repaint all flag poles.

Replace ropes on all flag poles.

Paint all classrooms.

**High School—**On December 16, while classes were in session, a large section of the ceiling of Room 205 broke loose from the crossbeams and fell, with only a few seconds warning. Under the admirable guidance of the instructor Mr. Arthur Christie, the pupils were rushed from the room before any were seriously injured.

That evening, the School Committee voted to close the High School and to discontinue all sessions until such time as adequate repairs or reconstruction should have made the building safe for the resumption of classes.

Repairs and replacement of ceilings have been carried out with commendable promptness through the co-operation of the Board of Selectmen, the Appropriation Committee, the Town Engineer and his Assistants. These repairs follow the recommendations of a consulting Engineer and include the strengthening of ceiling supports, the installation of acoustic ceiling material in twenty-two classrooms and auxiliary rooms and in three corridors, the painting and varnishing of almost the entire interior of the building. The Auditorium is to receive the same care.

The School Committee will require of the Consulting Engineer assurance that in so far as ceilings are concerned, the School is a perfectly safe place for the carrying on of school activities.

**Graduation**—The Rev. Michael J. Ahearn, S. J. of Weston College, was chosen to address the graduation class of one hundred twenty-nine members.

#### Receipts on Account of Schools—

Tuition from State .....	\$660.04	
Tuition, Town of Norfolk .....	13,320.56	
Miscellaneous Receipts .....	472.63	
State Reimbursement on account of salaries .....	12,710.00	
	<hr/>	\$27,163.23

Each year, claims are made upon the Commonwealth for reimbursements on account of the training, experience and salaries of our teachers. These claims vary from \$100. to \$200. If a teacher's salary is \$1500. for example, and she meets certain requirements of the State Department of Education, Walpole is reimbursed to the extent of \$200. This \$200. is not available to the School Department, but goes into the Walpole Town Treasury.

It will be observed from the Receipts noted above that the total amount received by the Town of Walpole in 1936 on account of School Department claims was \$27,163.23. If this money were available to the School Department, the School Budget would be that much smaller.

#### Financial

Appropriation .....	\$164,603.37	
Dog Tax .....	1,093.80	
	<hr/>	\$165,697.17

#### Expenditures

## REPORT OF THE CHARLES FALES FUND SCHOLARSHIP COMMITTEE

The Charles Fales Fund Scholarship Committee presents herein its annual report.

The following officers were elected at the December meeting. Richard H. Kannally, Chairman (Mrs.) Frances C. Maguire, Sec'y

The awarding of the scholarships is based on the following excerpt from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be known as the "Charles Fales Fund," to the Town of Walpole, Massachusetts, provided, unless a board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustee so to do. The income from said funds to be used for scholarships to be paid as hereinafter provided to students male or female, of the Schools of the Town who become students at any university, college, or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate or post graduate in a university, college, or institute to whom it may be awarded by a Committee to be known as the "Charles Fales Fund Scholarship Committee," which committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be at any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of Scholarship shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are three factors which I desire they should take into consideration,—Character, Scholarship, and Physical and Mental Vigor. I also desire that students wishing to extend their education along technical lines shall, other things being equal, be given preference."

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

Priscilla Bateson, Middlebury College  
Ruth Gilmore, University of North Carolina  
Willard Gove, Worcester Polytechnic Institute  
Evelyn Gould, Massachusetts State College  
Louis Lacivita, Boston College  
Fred Libby, Massachusetts Institute of Technology  
Margaret McHugh, Bridgewater State College  
William Roundy, Yale University  
Marjorie Sline, Regis College

Respectfully submitted,

Richard H. Kannally, Chairman  
(Mrs.) Frances C. Maguire, Sec'y  
(Mrs.) Mildred J. Howard  
Ralph M. Wight  
Denis F. O'Brien  
\*Thomas H. Bateson  
Arthur C. Jones, Superintendent  
Harold A. Strout, Principal

Charles Fales Fund Scholarship Committee.

\*Mr. Bateson was absent from all meetings at which applicants for Charles Fales Scholarship were considered.

**REPORT OF THE SUPERINTENDENT OF SCHOOLS****To the School Committee of Walpole, Massachusetts:**

In presenting this brief report for the year 1936, I have called attention to the things of outstanding interest which are outside the scope of daily routine. Day by day instructions and classroom procedure have been uniformly good.

**Tables and Statistics**

Tables and charts giving information regarding teachers, enrollment of pupils by buildings, grades, sexes, costs, etc., will be found on pages following the Reports of the various school officials and supervisors.

**New Textbooks**

The textbook is the teacher's first assistant. Textbooks are being constantly improved in physical make-up and in content. For the greater benefit of boys and girls, they need to be changed every few years. This is not necessarily because the one in use has become obsolete, but rather because in the meantime much improved books in the given subject have been published. We are determined that our pupils shall have the advantages which come from the use of the best books available. During 1936, the following textbooks have been recommended, adopted and put into use in our schools:—

**Elementary:**

1. "A Dictionary for Boys and Girls" Webster for Grades 4-5-6
2. "Today's English" Trabue for Grades 3-4-5-6
3. "Elementary Science" Craig for Grades 3-4-5-6

**Intermediate:**

1. "Our Environment" Books 1 and 2 Carpenter for Grades 7-8

**High School:**

1. "The Record of America" Adams and Vannest
2. "Bookkeeping for Immediate Use" Kirk
3. "Descriptive Economics for Beginners" Gras
4. "Literary Adventures in a Modern World" Hoffman
5. "Business Arithmetic" Curry
6. "What About Jobs" Hasseltine
7. "What About Dollars?" Hasseltine
8. "As The Earth Turns" Carroll

In 1937, our attention will be first directed toward the selection of a modern, improved text in Arithmetic for Grades 3-4-5-6, and of a History for Grade 4.

### **Commercial Department**

Many of our graduates find work in the offices of Walpole industries. We have kept in close touch with these offices in our effort to maintain our work on a modern level. It became increasingly apparent that training should be given in the use of transcribing machines and we have this year added to our equipment an Ediphone Transcribing Machine. Our graduates will now be able to take personal dictation and to transcribe from wax records as well.

### **Civic Arts Course**

This Course is now in its third year and continues to furnish fine opportunities to pupils whose interests and desires do not lead them to elect college preparatory or commercial subjects. The Course in Economics which has been worked out for this group is so satisfactory that we are seriously considering its inclusion in the college preparatory and commercial curriculums.

### **Educational Meetings**

The State Department of Education arranges annual educational conventions for teachers, principals, supervisors, special school teachers, school committee members and superintendents. This year, all the principals and supervisors, special teachers and several classroom teachers have attended one or more of these meetings. These meetings were held in Amherst, Bridgewater Framingham and Boston.

### **Health**

I call your special attention to the Reports of the School Nurse, School Physicians and Physical Training Supervisor which appear as a part of this Report, and to the Reports of the School Dentist and Dental Hygienist. Walpole is fortunate in having long since adopted a policy of "health first" for its school children. Results as indicated by our physical examinations justify the policy. Doctors and dentist continually remark on the excellence of the physical condition of our boys and girls.

### **Safety**

Safety Education which has been a part of the regular program in our Elementary Schools for many years, has been made a part of the High School program. Through the co-operation of the Registry of Motor Vehicles, it is now possible for High School pupils to study the handbook furnished by the Registry of Motor Vehicles. This study should make easier the passing of the oral

examination required before drivers' licenses are issued. This preliminary study should also result in safer driving.

The schools regularly receive the monthly magazine and other publications of the National Safety Council.

### School Enrollment and Facilities

The following table shows the enrollment during the past five years:

Year	Kindergarten	Grades 1 — 6	Grades 7 — 8	High School	Total
1932	86	978	289	511	1864
1933	*	992	301	537	1830
1934		951	275	536	1762
1935		940	277	570	1787
1936		939	286	550	1775

\* Kindergarten discontinued after 1932.

This table shows how these pupils are housed and the possibilities for caring for enrollment growth:

	Classrooms In Daily Use	Rooms Available For Use As Class Rooms
Bird School	14	2
Boyden School	2	1
Fisher School	3	1
High School	21	0
Plimpton School	12	2*
Stone School	9	0

\* One of these rooms is used daily as a private kindergarten. One is fitted with book-stacks as a Central Library.

### Gifts

During the past year, the schools have received gifts which are definitely useful and are gratefully acknowledged. Among these should be noted:

Radio for the High School  
Books for the Fisher School  
Victrola for the Stone School

### Professional Attitude

Our teachers have maintained a fine spirit and attitude toward their profession and toward their specific daily tasks. Many have taken professional courses in Education. Many others have worked long and conscientiously on teacher-committees which have studied and prepared courses of Study for our schools. Others have directed the activities of the Walpole Teachers Association which are both social and educational.

### Report Cards

All the teachers of the elementary grades have assisted us in preparing a revised form of Report Card for Grades 1—6. We were unanimous in believing that a report to the parents should contain more than a mere presentation of marks or ratings. The new Report Card attempts to tell the parent something of the development of the pupil's power to adapt himself to his surroundings, to get along with his fellows, of his industriousness and cooperation. We believe this is a step in the right direction.

### Conclusion

This has been a year of steady progress. This has been due in a large measure to the spirit of co-operation which exists among all branches of the school system and I extend my thanks to all who have helped.

ARTHUR C. JONES,  
Superintendent of Schools.

Dec. 31, 1936.

## REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

**To Mr. A. C. Jones, Superintendent of Schools:**

I herewith submit to you my fourth annual report as Principal of Walpole High School.

The enrollment at the school is not as large as it was last year. On December 16 the enrollment was as follows:

Freshmen	157	Seniors	96
Sophomores	149	P. G.	3
Juniors	145	Total	550

The enrollment for the last five years at a corresponding date was as follows:

1931-32	1932-33	1933-34	1934-35	1935-36
492	537	541	536	570

We are able to provide very well for this number of pupils with the exception of provisions for study during the school session. We are still compelled to place a very large number of pupils in the cafeteria for study as well as in the back of several classrooms where a class is meeting at the same time. Neither arrangement is satisfactory for study periods during school time.

An objective of education is to train for intelligent citizenship. At the high school we attempt this by organizing a student council. This is composed of representatives from each homeroom and the class presidents, and representatives of the faculty. This council governs the various activities of the school such as athletics, traffic in the corridors, the school magazine, and noon time dancing groups. The council also supervises the election of Senior and Junior Class officers. This is done by a secret ballot under conditions much the same as are encountered in adult life.

Another increasingly important objective is the training for proper use of leisure time. We attempt to guide our pupils by many activities such as athletics, orchestra, glee club. Our assembly programs and reading requirements of our English courses are also important in this respect.

This year we have introduced two new courses. We offer a course in mechanical drawing for those boys who plan to attend scientific schools after graduation. In the civic arts curriculum we have a general course in economics in the Junior year. At present we have 32 pupils in this course.

The scholastic standing of the school continues high. We are included in the preferred list of the New England College Entrance Board and can certify our pupils to the various colleges belonging to the board.

We are rated as a Class A school by the state department of education of Massachusetts. We have representatives in more than twenty colleges and universities and all are making good records.

Our teachers are continuing the revision of the courses of study now offered in the High School.

I wish to thank you and the teachers for the cooperation I have received.

HAROLD A. STROUT,

Principal of High School.

Dec. 31, 1936.

## REPORT OF THE SUPERVISOR OF ART

**To Mr. A. C. Jones, Superintendent of Schools:**

The fascination of art is continuous from the first attempts of the beginners, throughout the high school experiences of those who like to spend pleasant hours drawing for fun both at home and in the classroom.

The course summarized in my report submitted last year is being followed, since we believe in the necessity of the students acquiring the fundamental principles of good drawing.

The problem of increasing the enjoyment of drawing is one which we have attempted to solve, as usual, by presenting lessons which can be successfully undertaken by the average students. Sketching from cartoons and photographs printed in the newspapers, the kind of drawing that children like, has been included in the lessons so that we have had opportunities to give instruction in the proper method of procedure. The pupils have known the satisfaction of accomplishment. It has been found that by insisting on correct construction and proportions of figures and faces of favorite characters, the tendency to avoid that sort of drawing in the fifth and sixth grades has been overcome. The work, also, furnished incentive for concentrated efforts in painting so that the water color rendering may be attractive. Attention is gradually diverted from comic sketches to representation from living models chosen from among the members of the classes.

The orderly planning which is design applied to construction, pictorial composition, or decoration, is so interwoven with other phases of the work that its relation to art and industry is explained.

The development of an aesthetic sense is always a challenge. The revelation of all that the word "beauty" implies is of prime importance. Efforts are made to intensify interest in the beauties of nature. Reproductions familiarize us with what the masters have done to preserve their impressions.

The use of newspaper drawings referred to in a preceding paragraph, awakens students to the value of advertising and lettering to which a great deal of time is devoted in the seventh and eighth grades.

Questions answered by the Junior High and Senior High School classes have supplied a record of the interests, hobbies and responsibilities of each student. The work has been planned in so far as possible, in accordance with individual needs. The High School classes are large. There is sincere, purposeful effort even on the part of those who might, otherwise, attempt only to earn a point. The progress of each person is watched, and his

efforts are guided so that he accomplishes the requirements of the course, while doing the work in which he is particularly interested.

The time available for art is becoming increasingly inadequate for the achievement of all that might be possible. The brief periods spent in the first six grades during alternate weeks afford insufficient opportunity for the desirable amount of supervision. Requests of high school students for the privilege of additional time must often be denied until after school because of limited space and the inadvisability of working with too large groups during short periods. The mathematical problem of dividing the number of minutes by the number of people in the average class results in the fact that two or three minutes' instruction can be given to each at every meeting. The nature of the work requires individual, constructive criticism and demonstration, if the maximum is to be accomplished.

Our room seems to have become too small for the storage of work and the use of the materials, books, and magazines always generously supplied. Modern art education includes a variety of activities which require special furniture, plenty of wall space; in short, a large room in each building equipped for that subject alone, where the junior and senior High School classes may work.

The students and teachers recognize the value of your cooperation which encourages us to arouse enthusiasm and appreciation in anticipation of the growth of the Art Department.

HELENA M. SAUNDERS,

Dec. 31, 1936.

Supervisor of Art.

---

## REPORT OF MUSIC SUPERVISOR

**To Mr. A. C. Jones, Superintendent of Schools:**

During Education Week, an unusual opportunity was utilized to inform the parents of Walpole of the type and development of vocal music in the grades and secondary schools. On that occasion, a hint of an instrumental program was presented. It is our purpose, later in the school year to emphasize this side of school music in a program which will be open to the public.

There are now about 150 pupils studying piano, band and orchestral instruments. Since instructions in band and orchestral instruments was initiated this year, the interest and number of pupils has been steadily increasing. We have in these students,

the nucleus of a large orchestra and a band whenever it becomes desirable to organize one.

At a conservative estimate, 200 pupils would now be engaged in instrumental study, if instruction and instruments could be had through the schools. I recall with satisfaction, that in a report three or four years ago, you stress the desirability of providing the under-privileged child with this advantage. The 150 children now studying are able to do so, because their parents can afford to pay for lessons and buy instruments.

I find both principals and teachers giving enthusiastic support to this music activity. It is my purpose to further it by consolidating the present beginning, and by keeping the project, as it progresses, advertised in every possible way.

ADELBERT H. MORSE,

Supervisor of Music.

Dec. 31, 1936.

---

## REPORT OF THE SUPERVISOR OF HOUSEHOLD ARTS

**To Mr. A. C. Jones, Superintendent of Schools:**

I herewith submit my annual report as Supervisor of Household Arts.

The work has been carried on this past year following the course of study recently sent to your office.

The fundamentals of clothing have been taught the girls from grade six through eight; and the simpler theories concerning foods discussed and practiced in grades seven and eight. Many practical and useful articles were made in the clothing classes and the different forms of hand work were stressed.

The enrollment in the Household Arts course in the High School has increased to the present seating capacity of the food laboratory. Several girls could not be accommodated in the elective food classes, which meets afternoons, due to increased enrollment.

We made four field trips which were extremely helpful and valuable to the girls, and we served several luncheons for groups which proved to give excellent experience for the girls in preparing and serving in large quantities.

DORIS MAXFIELD,

Supervisor of Household Arts.

Dec. 31, 1936.

**REPORT OF THE SUPERVISOR OF MANUAL ARTS****To Mr. Arthur C. Jones, Superintendent of Schools:**

I herewith submit my annual report as Supervisor of Manual Arts.

During the past year the work in our school shops has been varied and interesting and has covered progressively the experiences of good shop practice.

In the High School shop each boy is encouraged to help design and plan each project, then working from this plan he completes the job. Habits of neatness, accuracy and industriousness are encouraged and I believe good results have been obtained.

We are stressing more than ever before in all our classes, that the demand of business and industry is for young men of good personal characteristics. By placing responsibility of shop duties and the sharing of management we show recognition of these good qualities.

I am glad that a class in Mechanical Drawing has been started in the High School this fall for the college preparatory students.

ARNOLD F. GROVER,

Dec. 31, 1936.

Supervisor of Manual Arts.

---

**REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION****To Mr. A. C. Jones, Superintendent of Schools:**

I herewith submit my annual report as supervisor of physical education.

Although methods of obtaining results change, there are certain objectives of a physical education program which remain the same. These are primarily menti-motor, and character development through games, rhythmic activities, self-testing and other activities such as gymnastics, marching, etc.

In so far as possible these objectives are reached through out-of-door activities for obvious reasons—to gain the greater advantage of working in the fresh air and sunshine and because of the inadequate facilities of most buildings. Therefore the spring and fall program is built around playground games and skills. The winter months are devoted to those types of physical education which can be carried on in more restricted areas. The program aims to provide the children with as much vigorous activity

as possible; to increase skill through teaching and practice; to develop leadership and "fellowship;" to provide for the improvement of posture through teaching; to develop the enjoyment of large and small group play.

Due to the better facilities and equipment, and greater time allotment, the junior high and high school program is perhaps better rounded and more closely reaches its objective. In regular class work the junior high, freshman and sophomore girl plays highly organized team games; takes part in vigorous rhythmic folk and tap dances; develops her courage and skill in self-testing activities on the apparatus in the gymnasium; has opportunity for posture improvement work in gymnastics and marching. In addition to this, there is opportunity for all high school girls who are interested, to take part in after school programs of games—hockey, basket ball, tennis and baseball.

The desire of every physical director is for greater time allotment, larger play space and better equipment. The Walpole high and junior high schools are fortunate in being rather well provided for in these respects.

MILDRED WALLACE,

Dec. 31, 1936.

Supervisor of Physical Education.

---

### REPORT OF PHYSICIAN FOR THE BIRD AND FISHER SCHOOLS

**To Mr. A. C. Jones, Superintendent of Schools:**

I wish to submit my report for the Bird and Fisher Schools. The regular routine physical examinations have been completed. The physical defects have been recorded and notices have been sent to parents. The administration of diphtheria toxin-anti-toxin has been completed and in the spring the Schick Test will be performed.

I am very proud of the general health of our school children. I have had the opportunity to see them grow from year to year, taking care of their health by having their physical defects corrected. This of course is done with the hearty cooperation of the parents with the school authorities.

At this time I also wish to thank the School Nurse, Miss Alice Downing, for the cooperation that she has extended toward me and for her kindness and interest toward the school children.

EDWARD R. DeROMA, M. D.

Dec. 31, 1936.

School Physician.

## REPORT OF THE PHYSICIAN FOR THE STONE AND BOYDEN SCHOOLS

**To Mr. Arthur C. Jones, Superintendent of Schools:**

I herewith submit my report for 1935-36 as School Physician for Stone and Boyden Schools.

With the capable assistance of Miss Downing, the School Nurse, the annual physical examinations were completed early in the fall. Many of the defects found at that time are already receiving attention.

The inoculations against diphtheria have been given and we are pleased to note that the percentage of children who have received these inoculations is continually increasing.

THOMAS M. CONNELL, M. D.

Dec. 31, 1936.

School Physician.

---

## REPORT OF THE PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS

**To Arthur C. Jones, Superintendent of Schools:**

I herewith submit my 1936 report as School Physician for the High and Plimpton Schools.

In making the annual inspection I found a considerable number of cases of pronations or weakness of the tendons of the ankle, and flat feet. This is probably due to lack of support of the arches during early childhood or to excessive weight or overloading of the arches from any cause.

Enlarged tonsils and adenoid growths are becoming less common due to early attention in the lower grades. There are always, though fortunately getting fewer, those obdurate parents who do not see, and apparently will not give their consent to remedy throat conditions with consequent handicaps to their children in later life.

In examining the feet I notice a number of cases of unsanitary footwear, and almost filthy socks. Although this was during a depression it does not warrant nor excuse uncleanness. The usual examinations of candidates for the football and hockey and basketball teams have been made and precautions recommended. In this I have had much assistance from an expert in heart and

lung conditions. I feel that the School Nurse and Physical Director have been doing excellent work as has the dental Hygienist.

FREDERICK H. FULLER, M. D.

Dec. 31, 1936.

School Physician.

---

## REPORT OF THE SCHOOL NURSE

**To Mr. A. C. Jones, Superintendent of Schools:**

I submit my first report as School Nurse in the Public Schools in Walpole.

During the past year, as I have entered into each phase of the work, I have been pleased to find School Nursing well established in the Walpole schools.

Public Health Workers today realize that one of the foremost ways by which their goal may be reached, is through the health education of the children.

Health Education of the children is done by the formation of Good Health Habits. These begin in the first grade and continue on through the elementary grades. It is accomplished by:

1. Thorough physical examinations by the school physicians.
2. Daily inspections (for cleanliness) by the teachers.
3. Occasional thorough inspections by the school nurse.
4. Added support of the dentist and dental hygienist.

In Public Health, a great deal of emphasis is placed on Preventative Measures. The great slogan is, "Nurse Health and not Disease." The use of these preventative measures is stressed to our boys and girls of Junior High and High School age, who are at the very important age of passing from childhood into adult life and at a time when their health should be well guarded. As a result, a very high percentage receive the tuberculin test given each year by the Norfolk County Hospital.

A course will be given this year to the High School girls on Home Hygiene and Care of the Sick. This will be of benefit to the girls individually, and to their families now and in later years, for the High School Girls of today are our future home-makers.

ALICE L. DOWNING, R. N.

Dec. 31, 1936.

School Nurse.

**WALPOLE PUBLIC LIBRARY**  
**REPORT OF THE TRUSTEES FOR THE YEAR 1936**

**To the Citizens of Walpole:**

The Board of Trustees of the Walpole Public Library submits its annual report for the year 1936. The Librarian's report gives all detailed statistics of the work of the library.

The Board organized for 1936 with Mr. Chester H. Andrews as chairman and Mrs. Eleanor Goddard as secretary.

The Staff during 1936 is the same as in the preceding year: Miss Ruth Balch, Librarian, Miss Eleanor MacLean, Children's Librarian, Miss Katherine Lewis, Assistant. Miss Elaine Howe has been in charge of the East Walpole Branch. Mrs. Anne Wilson and Mrs. Muriel Layton have given additional assistance whenever needed. Mr. George Hubbard has been caretaker of both buildings.

The lighting of the Main Library has been renovated in part and a great improvement has been enjoyed. This work is to be carried to completion as funds permit.

The Trustees would gratefully acknowledge the faithful services of the Librarians and their assistants and would thank all to whom the success of the Library is due. We would thank all who have contributed gifts or suggestions for the improvement of the work of the Library.

The East Walpole Branch at the end of two years has more than justified its opening. The statistics show how much the citizens of East Walpole have made use of the improved service and how well Miss Howe has served them as Librarian.

The expenditures of 1936 appear under the report of the Town Accountant. We have submitted a detailed request for \$9,934.52 to the Selectmen for the work of the Library in 1937. We feel very strongly that those on our Staff who are underpaid should receive a slight increase as a reward for the cheerful and efficient service which they have rendered in spite of the small remuneration which they have received during the last few years.

CHESTER H. ANDREWS, Chairman  
ELEANOR W. GODDARD, Secretary  
ANNE K. ALLEN  
MAUDE R. GRAVES  
ROY T. ARGOOD  
ROBERT J. MURPHY

Dec. 31, 1936.

Trustees of the Walpole Public Library.

## LIBRARIAN'S REPORT — 1936

**To the Trustees of the Walpole Public Library:**

Aided by the appreciation and interest of borrowers whose patronage increased though the budget did not, and by the valued supervision of the Trustees the work of the Library has gone forward.

An addition to the Staff is Mrs. Muriel Layton. She willingly gave her time while learning the routine and now for some months has substituted regularly, both in the East Walpole Branch and the Main Library, as a paid part-time assistant.

In September, Dedham celebrated its tercentenary and the Public Library requested exhibits from libraries of the various towns which formerly were part of Dedham Township. Photographs of our Main Library and the East Walpole Branch, interior and exterior, were taken and grouped in one frame with a brief history of the growth of library service in Walpole. This was returned to us at the close of the celebration and now may be seen in our Reference Room.

Children's Book Week is perennially popular and this year the week of November 16—21 proved no exception. Not only were there new juvenile titles on view, but there was also the election of "My Favorite Book." This contest, which gave the youngsters the opportunity to ballot as their parents had done earlier in the month, met with much success.

Gifts from townspeople have been greatly appreciated, particularly the valuable old newspapers presented by Mr. Leslie Guild and the plants given at Christmas-time by the Garden Department of the Walpole Woman's Club. A detailed list of those who gave books during the year follows the Circulation Statistics.

Dec. 31, 1936.

RUTH S. BALCH,

Librarian.

## CIRCULATION STATISTICS — 1936

	Adult	Juvenile	Total
Main Library .....	24,620	11,249	35,869

 Chemical Foundation  
 Mrs. Channing Frothingham  
 Mrs. William Gordon  
 Leslie Guild  
 Philip R. Pearson  
 G. N. Peek  
 Donald Pinkham  
 George A. Plimpton  
 Charles Scribner's Sons

## REPORT OF THE TOWN PLANNING BOARD

**Organization**—The personnel of the Town Planning Board, as elected for the year 1936, was: Charles S. Bird, Jr., John J. Fitzhenry, Frank A. Fisher, Willis D. McLean and William J. Sheehan. The Board organized with John J. Fitzhenry, Chairman and Willis D. McLean, Secretary. Miss Ella B. Knobel was re-engaged as Clerk for the year at a salary of \$100.00. Regular monthly meetings have been held with special meetings when required.

**Zone Changes**—A public hearing was held on December 23, 1936 on petition of Albert and Nellie Rimavicus to change their property at the corner of Main and Mylod Streets from General Residence to Mercantile zone. Inasmuch as an existing business was being carried on at this location and it appearing that the proposed change would not be detrimental to the locality, the Board will recommend to the Annual Town Meeting that the Town Zoning map be amended to effect the change.

**Billboards**—Last year's report called attention to the serious situation confronting the Town through the action of State authorities in granting billboard permits despite the objection of our Board and the Board of Selectmen. Five applications for new locations on the Super-highway, Route 1 are pending before the Department of Public Works, all of which have been disapproved by the Selectmen. In an endeavor to restore to our local authorities final control over the granting of billboard permits, we shall insert an article in the Warrant for the Annual Town Meeting to amend our Zoning By-Laws to try to accomplish this.

**Street Layouts**—In continuance of our program to have all street lines defined, we shall recommend to the Town at the Annual Town Meeting that the following layouts shall be made next year: South Street, from Washington Street to Pine Street; Lincoln Road, from West Street to Plain Street; Neponset Street, its entire length and Willow Street, from Washington Street to Neponset Street.

**Planning Studies in Schools**—This activity, sponsored by Mr. Arthur C. Jones and our Board has continued. During the year, as part of the work of the High School Civics Class for Freshmen, through the cooperation of Mr. Charles S. Bird, Jr., studies were made of the area lying in the Neponset River valley adjacent to the Town Forest for the purpose of working out a practical plan for reforestation of this area. Maps were made showing the topography, boundaries of the present owners, drainage, kinds of soil, kinds of trees suitable for successful growth in the existing soil, recreation and camping sites,

etc. This is valuable and constructive work. Favorable comment on the introduction of Planning studies in our High School has been received from various sections of the country.

**Map**—In last year's report, reference was made to a map of the Town which was presented to our Board by Mr. Charles S. Bird, Jr. The map, prepared by Mr. E. Worthington, Engineer, was referred to the Selectmen with the following recommendations and suggestions:

1. That it be used jointly by this Board and the Selectmen as a foundation for future studies and developments.
2. That duplicate street names be eliminated.
3. That it be used as a guide for street layouts.

The map will be invaluable and has been placed on the wall in the Selectmen's Room in the Town Hall.

**Foxboro-Walpole Boundary Line**—The proposed changes in this boundary which have been the subject of discussion for several years has been given further consideration by our Board with the Selectmen of Foxboro. A mutually satisfactory solution of the problem has been worked out and a bill to provide for making the desired changes in the boundary line will be presented to the Legislature next year.

**Town Common**—The placing of curbing around two sections of the Common, advocated by our Board for several years, has been done in connection with P. W. A. Project 1179-R. This has resulted in a much improved appearance and with suitable landscaping planned for next year the center of the town will have an attractiveness that otherwise could not be secured.

**Federation Conference**—Our Board was represented at the twenty-third annual conference of the Massachusetts Federation of Planning Boards at Wellesley, Massachusetts on October 3, 1936, our Secretary presenting a paper, "How Can We Best Obtain Balanced Community Planning."

**Conclusion**—The year, while comparatively uneventful in the activities of our Board, has shown constructive advances in many directions. The importance of Town Planning in the development of our community becomes more evident and pronounced each year. We are grateful and appreciative of the cooperation of the townspeople in general and the Board of Selectmen in particular.

THE TOWN PLANNING BOARD,

Dec. 31, 1936.

Willis D. McLean, Secretary

### THIRD ANNUAL REPORT PRESIDENT'S BIRTHDAY BALL

#### To the Board of Selectmen:

Following is a report of the Third Annual Birthday Ball in honor of President Roosevelt, held on January 30, 1936. This year, the same as last, 70% of the proceeds of the Ball were retained in Walpole for local infantile paralysis victims. We have four cases that we have helped this year and have bought the following items:

1 pair of flexlife shoes .....	\$6.50
1 pair of shoes and lasts .....	18.00
1 brace with knee joint .....	30.00
1 special brace .....	50.00
Total .....	<u>\$104.50</u>

We have also agreed to pay for periodical observation visits to the Massachusetts Memorial Hospital for one patient. We wish to thank all who helped make the Ball a success. Following is a financial statement of the Birthday Ball Committee.

BENJAMIN D. ROGERS,

Dec. 31, 1936.

General Chairman.

### FINANCIAL REPORT OF THE BIRTHDAY BALL COMMITTEE

#### Receipts:

Sale of tickets .....	\$249.00
Sale of refreshments .....	26.80
Donation .....	.25
Cake raffle .....	17.35
Total .....	<u>\$293.40</u>

 Mrs. Bessie C. H. Morris, 215 Spring St.

#### NO TAX BILLS ARE SENT TO OWNERS OF DOGS

Section 137. Chapter 140 G. L. The owner or keeper of a dog, which is three months old or older, shall annually on or before March 31st, cause it to be registered, numbered, described and licensed for one year from the first day of April following.

The owner or keeper of a licensed dog shall cause it to wear around its neck a collar distinctly marked with the Owner's name and Registered number.

Section 138. The owner or keeper of a dog may at any time have it licensed until the first day of April following, and a person who becomes the owner or keeper of a dog which becomes three months old after March 31st in any year shall, when it is three months old, cause it to be registered, numbered, described and licensed and collared as required by the preceding section.

The number of dog licenses issued from this office to December 1st, 1936 is as follows:

Male Dogs .....	445
Female Dogs .....	102
Female Dogs, spayed .....	110
	<hr/>
	657
Breeders' Licenses .....	2
	<hr/>
	659

REPORT OF AN AUDIT OF THE ACCOUNTS  
OF THE TOWN OF WALPOLE

For the Fiscal Year Ending December 31, 1936

(Made in Accordance with the Provisions of Chapter 44,  
General Laws

---

January 30, 1937

To the Board of Selectmen

Mr. Charles P. Roundy, Chairman  
Walpole, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Walpole for the year ending December 31, 1936, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report submitted to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Walpole for the fiscal year ending December 31, 1936, the following report being submitted thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and reconciled with the books and records of the town accountant.

The books and accounts kept by the town accountant were examined and checked in detail. The recorded receipts were verified by a comparison with the treasurer's books and with the records in the several departments making the original charges. The disbursements were checked with the warrants authorizing the treasurer to disburse town funds and with the payments as shown by the treas-

urer's books. The classification book was examined and checked to the accountant's ledger and was found to have been neatly and accurately kept. The appropriations and transfers were checked with the town clerk's records of town meetings and with the finance committee's records of transfers from the reserve fund.

The ledger accounts were analyzed, the necessary adjusting and correcting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1936.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the collector's records of payments to the treasurer, with the records in the several departments collecting money for the town, and with the other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants to the treasurer.

The cash book was added throughout for the period covered by the audit and the treasurer's cash balance on December 31, 1936, was proved by a reconciliation of the bank balances with statements furnished by the banks of deposit and by a verification of the actual cash and cash memorandum in the office.

The payments of debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust funds in the custody of the town treasurer were examined and listed. The income was proved and the transfers to the town were verified.

The tax title deeds on hand were examined and listed. The amounts transferred from the tax levies to the tax title account were verified, and the tax title deeds as listed were reconciled with the accountant's ledger.

The books and accounts of the tax collector were examined and checked. The tax and assessment levies outstanding at the time of the previous examination were audited, and all subsequent commitment lists were added and reconciled with the warrants of the assessors committing the taxes for collection.

The collector's cash books were footed, the payments to the treasurer by the collector were checked to the treasurer's and the accountant's books, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed, reconciled with the accountant's ledger, and prepared for recommitment to the new collector as of January 26, 1937.

It is recommended that action be taken at once to secure settlement of the outstanding tax levies of 1932 and subsequent years.

The records of licenses and permits issued by the selectmen, town clerk, building inspector, and health department were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The records of departmental accounts receivable committed for collection were examined. The payments to the treasurer were verified, the abatements were checked, and the outstanding accounts were listed and proved.

The books and accounts of the water department were examined and checked. The commitment lists were proved, the recorded collections were compared with the water commissioners' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger.

Verification of the outstanding tax, assessment, departmental, and water accounts was made by mailing notices to many persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of sewer connection charges and deposits made to be applied against work done, were examined and checked, and the outstanding accounts were listed and reconciled.

In addition to the departments mentioned, the available records of all other departments receiving money for the town were checked and the payments to the treasurer were verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, assessment, tax title, departmental, and water accounts, as well as tables showing the condition and transactions of the trust funds.

While engaged in making the audit, co-operation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

**ABSTRACTS OF RECORDS OF TOWN MEETINGS****ANNUAL TOWN MEETING**

**Monday, January 20, 1936 with adjourned meetings on February 10, February 17 and February 24, 1936.**

The Warrant was issued by the Selectmen under date of January 11, 1936 and was signed by Charles P. Roundy, Willis D. McLean, David W. Kelley, William F. Sline, Sr. and Thomas B. Ahearn. The Warrant called for the election by ballot of five Selectmen, one Town Treasurer, one Collector of Taxes, one Moderator, five members of the Planning Board, all for one year; one Assessor of Taxes, two members of the School Committee, two members of the Public Library Trustees, all for three years; one Commissioner of Trust Funds for three years.

The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole. All the requirements of the Statutes and By-Laws relating to elections and Town Meetings were complied with.

Pursuant to the foregoing warrant, at a legal meeting the inhabitants of Precinct 1 of the Town of Walpole, qualified to vote in elections, met in the Blackburn Memorial Building, in said Walpole on Monday, the 20th day of January, 1936 at 6:00 o'clock in the forenoon, and the inhabitants of Precinct 2, of said Walpole, qualified to vote in elections, met in the East Walpole Fire Station (Ground Floor), and the inhabitants of Precinct 3, of said Town of Walpole, qualified to vote in elections, met in the Community House, in South Walpole, in said Town, on the same date and at the same hour to bring in their votes for the officers as called for in said warrant.

The meeting in Precinct 1 was called to order by Chester B. Gove, Warden, of said Precinct. He was assisted by the following election officers: James D. Walsh; Frank F. Kivlin; Harold L. Goddard; George H. Ryan; H. M. Watson; Frank N. Spear; Edward Tetreault; Peter Becker; George Hubbard and Peter Cassidy.

The meeting in Precinct 2 was called to order by John J. White, Warden of said Precinct. He was assisted by the following election officers: William F. Geary; Bernard McCabe; Albert Kimball; Frederick Kinsman; Albert Eckhert; Arthur F. Platt; George Murray (sub.)

The meeting in Precinct 3 was called to order by Clinton Shufelt, Warden of said Precinct who was assisted by the following election officers: Benjamin Follett, John J. Brooks and William Sheehan.

The meetings in each Precinct were conducted in like manner and in accordance with the law. The ballot boxes in the three precincts were inspected and found to be empty and the registers set at zero (0) and the keys of the ballot boxes in each Precinct placed in charge of the police officer of the day in said precinct.

At 7:00 P. M. the polls were declared closed in each Precinct and when all votes had been canvassed and results determined in accordance with the provisions of the law, declaration thereof was made and was as follows:

The total number of votes cast in Precinct 1 was .....1140  
 The total number of votes cast in Precinct 2 was ..... 552  
 The total number of votes cast in Precinct 3 was ..... 105

The total number of votes cast in the three Precincts was .....1797

A true copy. Attest:

**KATHERINE J. HIGGINS.**

Town Clerk of Walpole

**ADJOURNED ANNUAL TOWN MEETING****February 10, 1936****Norfolk, ss:**

Pursuant to the foregoing warrant the first adjournment of the Annual Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town affairs, was held in the Auditorium of the High School, in said Walpole on Monday, February 10, 1936, at 7:30 P. M.

The meeting was called to order at 7:30 P. M. by Henry W. Caldwell, Moderator.

Before beginning the business of the meeting, Mr. Caldwell, the Moderator, called to the attention of the voters present that Arthur Duncan, of East Walpole, who for many years had been a representative figure at all town meetings, had passed away and he thought it only fitting that mention of same should be made at this meeting.

**On motion made and seconded, it was**

**Voted:** to waive the reading of the warrant.

**Article 1. To elect all other Town Officers not elected by ballot.**

**On motion made and seconded, it was**

**Voted:** that Alton N. Clark, Frank A. Fisher, Reuben J. Whitcomb, George H. Kingsbury and William E. Ingram be elected Surveyors of Lumber and Measurers of Wood and Bark.

**Article 2. To hear and act on the report of any Committee, to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.**

Under this article, Mr. Richard Higgins, Chairman of the Appropriation Committee, reported that the Committee was not able to complete its report for this meeting but it would be ready for a meeting two weeks from tonight, February 24th. He recommended that all action on articles calling for appropriations (excepting articles relating to the Stone School) and also article 8, be postponed until a meeting on February 24th.

Mr. Roundy, Chairman of the Selectmen, stated that his Board desired to have action taken at this meeting on Article 32.

**On motion made and seconded, it was**

**Voted:** that consideration of all articles involving appropriations, with the exception of articles 63 and 64, be postponed until the Adjourned Town Meeting, February 24th.

**On motion made and seconded, it was**

**Voted:** that consideration of Article 8 be postponed until Adjourned Town Meeting on February 24th.

Mr. McNaught presented motion, "That articles 63 and 64 be postponed as to action thereon until February 24, 1936." The Moderator put the motion to a vote and declared it was voted in the negative. More than seven persons doubted the result so Walter Meyer and John J. Easton were appointed Tellers by the Moderator and duly sworn by him. The motion was again put to a vote and count thereof taken and the result was affirmative 46, negative 90. The Moderator declared IT WAS NOT A VOTE.

The Moderator asked the advice of Mr. Kannally, the Town Counsel relative to Section 3, Article 2 of the Town By-Laws as to the Appropriation Committee making its report in writing at this meeting on any article. Mr. Kannally replied that "If the citizens vote to act on the article and ask the Appropriation Committee to make its report, it will be perfectly legal."

**Article 3.** To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

**Voted:** that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Affirmative	152
Negative	None

**Article 4.** To see if the Town will petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts, in accordance with Section 35, Chapter 44, of the General Laws.

**Voted:** that the Town petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts, in accordance with Section 35, Chapter 44, of the General Laws.

**Article 5.** To see if the Town will authorize the Collector in collecting taxes to use all means the Treasurer may use when appointed Collector.

**Voted:** that the Town authorize the Collector, in collecting taxes, to use all means the Treasurer may use when appointed Collector.

**Article 6.** To see if the Town will instruct the Collector, in collecting water rates and service bills, to follow the rules and regulations of the Water Department.

**Voted:** that the Collector, in collecting water rates and service bills, follow the rules and regulations of the Water Department.

**Article 7.** To see if the Town will instruct the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

**Voted:** that the Collector in collecting sewer assessments follow the rules and regulations of the Sewer Department.

**On motion made and seconded, it was**

**Voted:** to take up article 32.

**Article 32.** To see if the Town will raise and appropriate or transfer a sum of money for a Works Progress Administration Account, covering cost of materials and administration, with permission to use said appropriation or any portion thereof for the relief of the unemployed, if the Works Progress Administration is discontinued, or do or act anything in relation thereto.

A motion was presented by the Chairman of the Selectmen, "That the Town raise and appropriate \$1,500.00 for a Works Progress Administration Account, covering cost of materials and administration, with permission to use said appropriation or any portion thereof for the relief of the unemployed, if the Works Progress Administration is discontinued."

The Chairman of the Selectmen stated that this appropriation was needed at this time and it was to be understood that it was only a partial amount of the appropriation to be made under this article and this amount would be deducted from the total amount to be allowed later under this article.

In answer to the Moderator's request for some sort of a report from the Appropriation Committee, Mr. Higgins, Chairman, reported that this was the only article that had not been acted upon by the Committee.

The Town Counsel ruled that the Town could not take action unless the Appropriation Committee reported.

Mr. Libby, Town Engineer, stated that he had only \$100 left in this account and unless this appropriation was made at this meeting, it would be necessary for him to lay off all men on the W. P. A.

Mr. Delaney suggested that the Appropriation Committee retire to act on this article and the Committee retired for action thereon.

In the meantime the Moderator laid the article (32) on the table and it was voted to take up article 9.

**Article 9.** To see if the Town will change from general residence zone to mercantile zone the following described premises, or any portion thereof, being the premises of James Capaldo and Palma Capaldo: Beginning at an iron bolt on the southeasterly side of Washington Street at land of Saverio DeChellis and thence on said DeChellis land S 48 19' E. four hundred fifty-five (455) feet to land formerly of Jacob Allen and an iron bolt, thence turning and running N 45 20' E, on said Allen's land one hundred twelve and 63/100 (112.63) feet to an iron bolt and land of Alfonso Julius; thence turning and running N 41 30' W on Julius land to an iron bolt on said southeasterly side of Washington Street and thence turning and running S 46 14' W, along said Washington Street one hundred seventy-three and 75/100 (173.75) feet to the point of beginning. (Petition of James Capaldo and others).

(Change of zone from general residence to mercantile zone of premises of James Capaldo and Palmo Capaldo, Washington Street).

Mr. Fitzhenry of the Planning Board reported that the Planning Board had held a hearing on this change of zoning and the Planning Board do not recommend this change. On being put to a vote, it was

**Voted:** that this article be indefinitely postponed.

**Article 10** To see if the Town will adopt the following by-law:

**Article 1—Section 3:**

"The quorum for the transaction of business other than adjourning or hearing the reports of Committees, in all special or annual town meetings, shall be five per cent (5%) of the number of registered voters in the Town at the time of the closing of registration in the preceding year, or do or act anything in relation thereto." (Petition of John C. O'Brien and others.)

On motion made by John C. O'Brien and seconded, it was

**Voted:** that the town enact the following by-law:

'On and after April first in the year nineteen hundred and thirty-six the quorum of voters for town meetings shall be 50 voters, provided, however, that a number of voters less than this quorum may from time to time adjourn a meeting and provided that such quorum shall not apply to

such parts of meetings as are devoted exclusively to the election of town officers, and

The Board of Selectmen are directed to submit such proposed by-law to the Attorney-General for approval and, if such approval be forthcoming, to cause the said by-law, together with such explanatory matter as may be reasonably necessary for the clear understanding thereof, to be published in the Walpole Times three times previous to April 1, 1936."

On motion made and seconded, it was

Voted: to take up article 32 again.

Article 32. The Appropriation Committee reported through Mr. Higgins that they were glad to recommend an appropriation of \$1,500. to be raised in accordance with article 32 as a partial appropriation until the meeting of February 24th.

The motion being put before the meeting, it was

Voted: that the Town raise and appropriate \$1,500.00 for a Works Progress Account, covering cost of materials and administration, with permission to use said appropriation or any portion thereof for the relief of the unemployed, if the Works Progress Administration is discontinued.

On motion made and seconded, it was

Voted: to take up Articles 63 and 64.

Article 63. To see if the Town will raise and appropriate a sum of money for the purpose of financing the construction, equipping and furnishing a new school building, said building to replace the Stone School and designed by William G. Upham, and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal Grant of money pursuant to the Emergency Relief Administration Act of 1935; and to authorize the Selectmen to construct said project and contract with respect thereto; and authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made, or do or act anything in relation thereto. (Petition of Building Committee for new Stone School.)

Article 64. To see if the Town will authorize the Board of Selectmen to raise the present Stone School and dispose of the salvage therefrom, or do or act anything in relation thereto. (Petition of Building Committee for new Stone School).

Mr. Higgins, Chairman of the Appropriation Committee recommended that action on Articles 63 and 64 be indefinitely postponed.

Mr. McNaught asked to speak on these articles before action on motion be taken.

Mr. Bateson reported that the School Committee favored the building of a new school to replace the Stone School but Mr. Kannally reported that he wished it understood that the School Committee is not unanimous in recommending building the Stone School.

A general discussion relative to conditions at the Stone School building followed and Mr. Upham, Architect, a resident of Norwood, was given the privilege of reporting to the town on conditions at the Stone School and report on the proposed new school building.

Mr. Upham showed slides of the proposed new building and gave a complete report as to its cost and the addition to tax rate, etc. if same was built now when Federal Grant may be obtained and if total expense would have to be borne by the Town.

On being asked as to how the School Committee stood on the question of building a new school, Mr. Kannally stated he was opposed to the project.

Mr. Roundy stated that a majority of the Selectmen were opposed to building the school at this time, as they felt that the health and welfare of families were needed more than a new school at this time.

Mr. Kelley, a member of the Selectmen, made a minority report stating his reasons for favoring the project of building a new school in place of the present Stone School.

Mr. Richard Hennessey reported against the proposition. Further discussion followed.

### **Articles 63 and 64**

#### **On motion made and seconded, it was**

**Voted:** that Article 63, "to see if the Town will raise and appropriate a sum of money for the purpose of financing the construction, equipping and furnishing a new school building, said building to replace the Stone School and designed by William G. Upham, and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Emergency Relief Administration Act of 1935; and to authorize the Selectmen to construct said project and contract with respect thereto; and authorize the Treasurer with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made or do or act anything in relation thereto" and Article 64 "to see if the Town will authorize the Board of Selectmen to raze the present Stone

School and dispose of the salvage therefrom, or do or act anything in relation thereto," be indefinitely postponed.

**Article 11.** To see if the Town will accept a plan of Memorial Park as prepared by the Emergency Relief Administration Architects, or do or act anything in relation thereto. (Planning Board).

**Voted:** that the Town accept a plan of Memorial Park as prepared by the Emergency Relief Administration Architects, with changes as noted in red ink on the plan. Said plan being a blue print and certified by the Town Clerk.

**On motion made and seconded it was**

**Voted: to take up Article 62.**

**Article 62.** To see if the Town will accept a report of the Board of Selectmen, acting as a Board of Survey, relative to layout of Pemberton Street, or do or act anything in relation thereto. (Petition of Herbert I. Ellison and others.)

(Layout of Pemberton St.) Motion was presented by the Chairman of the Selectmen "That this article be indefinitely postponed," but on being put to a vote, the Moderator declared that the vote was in the negative.

**Voted:** that this meeting adjourn until 7:30 P. M. Monday, February 17, 1936.

### ADJOURNED ANNUAL TOWN MEETING

February 24, 1936

Norfolk, ss:

The meeting was again called to order by Mr. Caldwell the Moderator, after the Special Town Meeting was dissolved.

On motion made and seconded, it was

**Voted:** to take up Article 8.

**Article 8.** To see if the Town will vote to accept the provisions of Section 85 of Chapter 32 of the General Laws, or do or act anything in relation thereto: "Chapter 32, Section 85. The Selectmen of every Town, which accepts this section or has accepted corresponding provisions of earlier laws, by a two-thirds vote of an annual Town Meeting shall retire from active service and place upon the pension roll any permanent member of the police department and any permanent member of the fire department of such Town found by them to be permanently incapacitated, mentally or physically for useful service in the department to which he belongs, by injuries received through no fault of his own in the actual performance of his duty. They may also retire and place on the pension roll any permanent member of either of said departments who have performed faithful service in the department for not less than twenty-five years continuously and is not less than sixty.

If a permanent member of the police department of such a Town, was prior to the establishment of a police department therein, employed in said Town as a police officer by appointment under section ninety-six of chapter forty-one, the period of such appointment shall be counted as a part of his continuous service as a permanent member of its police department. Every person so retired shall annually receive from the town as a pension a sum equal to one-half of the annual compensation received by him at his retirement. The Selectmen may in an emergency call

upon any person so pensioned for such temporary service in the department from which he was retired as they may deem him fitted to perform, and during such service he shall be entitled to full pay."

A motion was presented by Mr. Roundy, Chairman of Selectmen, and seconded, that the Town accept the provisions of Section 85 of Chapter 32 of the General Laws, as follows:

Chapter 32, Section 95. The Selectmen of every Town which accepts this section or has accepted corresponding provisions of earlier laws by a two-thirds vote at an annual Town Meeting shall retire from active service and place upon the pension roll any permanent member of the police department and any permanent member of the fire department of such Town found by them to be permanently incapacitated, mentally or physically, for useful service in the department to which he belongs, by injuries received through no fault of his own in the actual performance of his duty. They may also retire and place on the pension roll any permanent member of either of said departments who have performed faithful service in the department for not less than twenty-five years continuously, and is not less than sixty. If a permanent member of the police department of such a Town was, prior, to the establishment of a police department therein, employed in said Town as a police officer by appointment under section ninety-six of chapter forty-one, the period of such appointment shall be counted as a part of his continuous service as a permanent member of its police department. Every person so retired shall annually receive from the Town as a pension a sum equal to one-half of the annual compensation received by him at his retirement. The Selectmen may in an emergency call upon any person so pensioned for such temporary service in the department from which he was retired as they may deem him fitted to perform, and during such service he shall be entitled to full pay."

A general discussion followed. Mr. Higgins stated he did not think there was sufficient information at this time for this acceptance. He moved "That the Moderator appoint a committee of three citizens to investigate the matter of pensions for Town employees and report to the Town at the annual Town Meeting in 1937."

Mr. Cullinane reported for acceptance, also Mr. Gowing.

Mr. John C. O'Brien was in favor of accepting report of Mr. Higgins, Chairman of Appropriation Committee, for further postponement of this article.

Mr. Mc Naught reported in favor of acceptance.

Mr. T. E. Delaney was sworn in as a Teller by the Moderator.

On being put to a vote the result of the count was

In favor of acceptance of motion, Affirmative	154
Against acceptance of motion, Negative	38

The Moderator declared that the motion was carried.

On motion made and seconded, it was

Voted: to take up Article 2.

Article 2.

On motion made by Mr. Cullinane, and seconded, it was

Voted: that the Moderator appoint a committee of three citizens to investigate the matter of pensions for Town Employees and report to the Town at the Annual Town Meeting in 1937.

Article 12. To see what compensation the Town will allow its Selectmen, Assessors of Taxes, Town Treasurer and Collector of Taxes for their services for the ensuing year, raise and appropriate money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the compensation for the Town's Selectmen, Assessors of Taxes, Treasurer, and Collector of Taxes shall be such as are designated and included in the recommendations under Article 13.

Article 13. To raise and appropriate, or transfer, such sums of money as may be necessary to defray the regular departmental expenses of the Town for the ensuing year.

On motion made and seconded, it was

Voted: that the Town raise and appropriate the following designated amounts to defray the regular departmental expenses of the Town for the ensuing year.

**KATHERINE J. HIGGINS,**

Town Clerk of Walpole

# STATE PRIMARY

September 15, 1936

Norfolk, ss:

The Warrant was issued by the Selectmen, under date of September 15, 1936 and was signed by Charles P. Roundy, Willis D. McLean, David W. Kelley, William F. Sline, Sr., Thoms B. Ahearn, Selectmen of Walpole. The proper service of this Warrant was attested by Levi S. Thompson, Constable of Walpole.

All of the requirements of the Statutes and By-Laws relating to Primaries were complied with.

Pursuant to the foregoing warrant the inhabitants of Precinct 1 of the Town of Walpole, qualified to vote in Primaries, met at the Blackburn Memorial Building, in said Walpole, on Tuesday, the 15th day of September, 1936, at 12 o'clock noon, and the inhabitants of Precinct 2, of said Town of Walpole, qualified to vote in Primaries, met at the East Walpole Fire Station, in East Walpole, and the inhabitants of Precinct 3, of said Town of Walpole, qualified to vote in Primaries, met in the Community House, South Walpole, on the said day at the same hour to bring in their votes for the purposes mentioned in said warrant.

The meeting in Precinct 1 was called to order by Chester B. Gove, Warden of said Precinct. He was assisted by the following election officers: George H. Ryan, James D. Walsh, Frank Spear, Frank F. Kivlin, H. M. Watson, Peter Becker, Harold Goddard, George Hubbard, Peter Cassidy, Walter Rockwood, William H. Flynn.

The meeting in Precinct 2 was called to order by John J. White, Warden of said Precinct. He was assisted by the following election officers: Frederick J. Kinsman, Bernard McCabe, Albert Eckhart, William F. Geary, Albert W. Smith, George Murray, Albert N. Kimball.

The meeting in Precinct 3 was called to order by John J. Brooks, Warden of said Precinct. He was assisted by the following election officers: Reuben J. Whitcomb, Leslie Guild and John J. Buckley.

At the close of the polls, after all votes had been canvassed and the results determined in accordance with the provisions of the law, declaration thereof was made at the Town Clerk's office in open town meeting and was as follows:

The Total vote cast in Precinct 1 was .....	624
The Total vote cast in Precinct 2 was .....	366
The Total vote cast in Precinct 3 was .....	83

Town Clerk of Walpole

## **STATE ELECTION**

**November 3, 1936**

**Norfolk, ss:**

The Warrant was issued by the Selectmen under date of October 15, 1936 and was signed by Charles P. Roundy, Willis D. McLean, William F. Sline, Sr., David W. Kelley and Thomas B. Ahearn. The proper service of the warrant was attested by Levi S. Thompson, Constable of Walpole.

All of the requirements of the Statutes and By-Laws relating to Elections were complied with.

The warrant called for the opening of the polls at 6:15 A. M. Tuesday, November 3, 1936, the inhabitants of Precinct 1 to meet in the Blackburn Memorial Building, in said Walpole, and the inhabitants of Precinct 2, of said Town of Walpole to meet in the East Walpole Fire Station, and the inhabitants of Precinct 3, of said Town of Walpole, to meet in the Community House, in South Walpole, all to bring in their votes for the following officers and questions, to wit:

Electors for President and Vice-President of the United States; Governor, Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney-General; Senator in Congress, all for this Commonwealth; one Representative in Congress for the 14th Congressional District; One Councillor for the Second Councillor District; One Senator for the Norfolk and Middlesex Senatorial District; one Representative in General Court for the 8th Norfolk Representative District; Register of Probate and Insolvency for Norfolk County; two County Commissioners for Norfolk County; one Treasurer for Norfolk County; and to vote on the following questions:

### Questions

To obtain a full expression of opinion, voters should vote on all three of the following questions:—

(a) If a voter desires to permit the sale in this town of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "Yes" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "No" on question one, "Yes" on question two and "No" on question three.

(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so-called, not to be drunk on the premises where sold, he will vote "No" on questions one and two and "Yes" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so-called, not to be drunk on the premises where sold, he will vote "No" on question one and "Yes" on question two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "No" on all three questions.

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES	
NO	

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES	
NO	

3. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so-called, not to be drunk on the premises?

YES	
NO	

#### Question of Public Policy—8th Norfolk Representative District

"Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25.00 for each one thousand dollars of assessed valuation?"

The polls were opened at 6:15 A. M. and closed at 8:00 o'clock P. M.

Pursuant to the foregoing warrant, the inhabitants of the Precinct 1 of the Town of Walpole, qualified to vote in elections, met at the Blackburn Memorial Building, in said Walpole on Tuesday, the third day of November, 1936 at 6:15 o'clock A. M., and the inhabitants of Precinct 2, of said Town of Walpole, qualified to vote in elections, met in the East Walpole Fire Station and the inhabitants of Precinct 3, of said Town of Walpole qualified to vote in elections, met in the Community House in South Walpole, on the same day at the same hour to bring in their votes for the purposes mentioned in said warrant.

The meeting in Precinct 1 was in charge of Chester B. Gove, Warden, who was assisted by the following election officers: George H. Ryan, James D. Walsh, Frank N. Spear, Frank F. Kivlin, H. M. Watson, Peter Becker, Harold L. Goddard, George W. Hub-

bard, Peter Cassidy, Walter Rockwood, William H. Flynn, Robert E. Turner and James Ginley. The meeting in Precinct 2 was in charge of John J. White, Warden, who was assisted by the following election officers: Frederick Kinsman, Bernard McCabe, Albert Eckhert, John F. King, Albert W. Smith, Arthur F. Platt and Albert N. Kimball. The meeting in Precinct 3 was in charge of John J. Brooks, Warden, who was assisted by the following election officers: Reuben J. Whitcomb; Leslie Guild and John J. Buckley.

The meetings in each precinct were conducted in accordance with the law and after the close of the polls at 8:00 o'clock P. M. after all votes had been canvassed and the results determined in accordance with the law, declaration thereof was made at the Town Clerk's office and was as follows:

The total number of votes cast in Precinct 1 was	2059
The total number of votes cast in Precinct 2 was	904
The total number of votes cast in Precinct 3 was	209

---

The total number of votes cast in all Precincts was 3172

### SPECIAL TOWN MEETING

December 7, 1936

The Warrant was issued by the Selectmen under date of November 25, 1936 and was signed by Charles P. Roundy, Willis D. McLean, William F. Sline, Sr., Thomas B. Ahearn and David W. Kelley. The proper service of the warrant was attested by Levi S. Thompson, Constable of Walpole.

All the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School in said Walpole, on Monday, the seventh day of December, 1936 at 8:00 o'clock P. M.

The meeting was called to order at 8:00 P. M. by the Moderator.

The Moderator asked if anyone present doubted that there were at least fifty (50) voters present at this meeting, constituting a quorum necessary to transact business, and no one doubted the fact.

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To hear and act on the report of any Committee or to choose any Committee, the Town may think proper and transact any other business that may legally come before the town.

As there was no business at this time to be taken up under this article, it was voted that it be indefinitely postponed.

**Article 2.** To see if the Town will authorize the Selectmen to install Sodium street lights, providing said installation can be obtained without cost to the Town, at the intersections of the Boston-Providence Highway, Route 1 and Coney Street, Moosehill Road, High Plain Street and Pine Street, or do or act anything in relation thereto.

On motion made by the Chairman of the Selectmen, it was moved and seconded, "That the Town authorize the Selectmen to install Sodium street lights, providing said installation can be obtained without cost to the Town, at the intersections of the Boston-Providence Highway, Route 1 and Coney Street, Moosehill Road, High Plain Street and Pine Street."

The Chairman of the Appropriation Committee agreed with the Selectmen as to the need of these lights but brought up the question as to the operating costs per year of these lights and stated he wished to present a substitute motion. The Chairman of the Selectmen withdrew his motion and accepted the substitute motion of the Appropriation Committee.

**On motion made and seconded, it was**

**Voted:** that the Town authorize the Selectmen to install Sodium street lights, providing such installation, maintenance and operation can be obtained without cost to the Town, at the intersections of the Boston-Providence Highway, Route 1 and Coney Street, Moose Hill Road, High Plain Street and Pine Street.

The Moderator appointed Frank N. Spear and Otis J. Dionne to be Tellers at this meeting and they were sworn into office by the Moderator.

**Article 3.** To see if the Town will vote to raise and appropriate a sum of money for the purpose of financing the construction of lateral sewers on Washington Street from the Neponset River to the Norwood line and rebuild said street also to construct lateral sewers on Common Street and rebuild Common Street from the end of the present construction to Shawnee St. and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935; and authorize the Selectmen to construct said project and contract with respect thereto; and authorize the treasurer, with the approval of the selectmen, to borrow such sums as may be necessary to meet any appropriation made; or take any action relative thereto.

A motion was presented by the Chairman of the Selectmen which read "That, for the purpose of financing the construction of lateral sewers on Washington Street from the Neponset River to

the Norwood line and rebuild said street, also to construct lateral sewers on Common Street and rebuild Common Street from the end of the present construction to Shawnee Street and to enable the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935, there be raised and appropriated the sum of \$52,300.00 and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$28,765.00 and to issue bonds or notes of the Town therefor, under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935, said bonds or notes to be payable in not more than three (3) years at such term and maximum rate of interest as may be fixed by the Emergency Finance Board.

All moneys received by way of grant from the Federal Government on account of this project shall be applied first to meet the cost of construction thereof (including preliminary expense) and any balance thereof shall be applied to payment of the loan herein authorized.

The Selectmen are hereby authorized and directed to accept on behalf of the Town for use in carrying out such project a Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935, and the Selectmen and the Town Engineer are authorized to proceed with the construction of said project and enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable Federal regulations; and the Selectmen and the Town Engineer are authorized to do all other acts and things necessary or convenient for obtaining said grant, for making said loan and for constructing said project."

The Chairman of the Appropriation Committee submitted a substitute motion which was read by the Moderator as follows:

"That, for the purpose of financing the construction of lateral sewers on Washington Street from the Neponset River to the Norwood line and rebuild said street and to enable the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935, there be raised and appropriated the sum of \$26,000.00 and the Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$14,300.00 and to issue bonds or notes of the Town therefor, under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935, said bonds or notes to be payable in not more than three (3) years at such term and maximum rate of interest as may be fixed by the Emergency Finance Board.

All moneys received by way of grant from the Federal Government on account of this project shall be applied first to meet the cost of construction thereof (including preliminary expense),

and any balance thereof shall be applied to payment of the loan herein authorized.

The Selectmen are hereby authorized and directed to accept on behalf of the Town for use in carrying out such project a Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935, and the Selectmen and the Town Engineer are authorized to proceed with the Construction of said project and enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable federal regulations; and the Selectmen and the Town Engineer are authorized to do all other acts and things necessary or convenient for obtaining said grant, for making said loan and for constructing said project."

The Moderator decided that action would be taken first on the motion presented by the Selectmen.

On motion made and seconded, it was

**Voted:** that, for the purpose of financing the construction of lateral sewers on Washington Street from the Neponset River to the Norwood line and rebuild said street, also to construct lateral sewers on Common Street and rebuild Common Street from the end of the present construction to Shawnee Street and to enable the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935, there be raised and appropriated the sum of \$52,300.00 and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$23,765.00 and to issue bonds or notes of the Town therefor, under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935, said bonds or notes to be payable in not more than three (3) years at such term and maximum rate of interest as may be fixed by the Emergency Finance Board.

All moneys received by way of grant from the Federal Government on account of this project shall be applied first to meet the cost of construction thereof (including preliminary expense) and any balance thereof shall be applied to payment of the loan therein authorized.

The Selectmen are hereby authorized and directed to accept on behalf of the Town for use in carrying out such project a Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935, and the Selectmen and the Town Engineer are authorized to proceed with the construction of said project and enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable federal regulations; and the Selectmen and the Town Engineer are authorized to do all other acts and things necessary or convenient for obtaining said grant, for making said loan and for constructing said project.

Affirmative	59
Negative	29

The Moderator declared that it was a vote.

**Article 4.** To see if the Town will vote to raise and appropriate by transfer from the Old Age Assistance Account the sum of \$2,735.00 to the following accounts: Building Repairs \$1,000.00; Care of Dumps \$360.00; Town Hall \$275.00; Town Treasurer's Expense Account \$75.00; Soldiers' Relief \$350.00; Selectmen's Expense Account \$55.00; Care of Soldiers' Graves, \$25.00; Assessors, \$25.00; W. P. A. \$570.00; or do or act anything in relation thereto.

**Voted:** that the Town appropriate by transfer from the Old Age Assistance Account the sum of \$2,735.00 to the following accounts; Building Repairs \$1,000.00; Care of Dumps \$360.00; Town Hall \$275.00; Town Treasurer's Expense Account \$75.00; Soldiers' Relief \$350.00; Selectmen's Expense Account \$55.00; Care of Soldiers' Graves, \$25.00; Assessors \$25.00; W. P. A. \$570.00.

**Article 5.** To see if the Town will vote to raise and appropriate by transfer from the Old Age Assistance Account the sum of \$225.00 to make a layout of a portion or all of Kendall Street, or do or act anything in relation thereto.

**Voted:** that the Town appropriate by transfer from the Old Age Assistance Account the sum of \$225.00 to make a layout of a portion or all of Kendall Street.

**Article 6.** To see if the Town will vote to transfer the Dog Tax for the year 1935, amounting to \$1,093.80 to the School Department, or do or act anything in relation thereto. (Petition of the School Committee).

**Voted:** that the Town vote to transfer the Dog Tax for the year 1935, amounting to \$1,093.80 to the School Department.

**Article 7.** To see if the Town will vote to appropriate by transfer the sum of \$600.00 from the Interest Account to the Police Department Expense Account, or do or act anything in relation thereto.

**Voted:** that the Town appropriate by transfer the sum of \$600.00 from the Interest Account to the Police Department Expense Account.

**Article 8.** To see if the Town will vote to transfer the unexpended balance of \$38.00 for the purchase of a new safe for the Town Treasurer to the Town Clerk's Expense Account, or do or act anything in relation thereto.

**Voted:** that the Town transfer the unexpended balance of \$38.00 for the purchase of a new safe for the Town Treasurer to the Town Clerk's Expense Account.

**Article 9.** To see if the Town will vote to appropriate by transfer the sum of \$500.00 from the Health Department to Preliminary

**Plans for Public Works Administration Projects or do or act anything in relation thereto.**

**Voted:** that the Town appropriate by transfer the sum of \$500.00 from the Health Department to Preliminary Plans for Public Works Administration Projects.

**Article 10.** To see if the Town will vote to appropriate by transfer the sum of \$500.00 from the Health Department and \$240.00 from the Old Age Assistance Account for the purchase of a new truck, to replace the No. 8 Ford Dump Truck, or do or act anything in relation thereto.

**Voted:** that the Town appropriate by transfer the sum of \$500.00 from the Health Department and \$240.00 from the Old Age Assistance Account for the purchase of a new truck to replace the No. 8 Ford Dump Truck.

**Article 11.** To see if the Town will vote to appropriate by transfer the sum of \$11.60, the unexpended balance from an appropriation for a New Highway Truck made December 20, 1935, to the Selectmen's Expense Account, or do or act anything in relation thereto.

**Voted:** that the Town appropriate by transfer the sum of \$11.60, the unexpended balance from an appropriation for a New Highway Truck made December 20, 1935, to the Selectmen's Expense Account.

At this point Mr. John C. O'Brien asked that the meeting take up Article 1 again and it was **Voted**, to take up Article 1.

**Article 1.** To hear and act on the report of any Committee, or to choose any Committee, the Town may think proper and transact any other business that may legally come before the Town.

Mr. O'Brien spoke relative to layout of Pemberton Street which he said had been brought before the Selectmen but that they refused to insert an article in the warrant because the rules and regulations of the Board of Survey would not allow them to do so. He asked for an expression of opinion at this meeting as to whether this layout should be made and that the Selectmen insert the article relative to said layout in the next annual town meeting warrant.

**On motion presented by Mr. John C. O'Brien, it was**

**Moved and seconded,** that it is the sense of this meeting that the Board of Selectmen cause a certain article dealing with the acceptance of Pemberton Road, so-called, such article having been submitted but not accepted by the Board of Selectmen acting as a Warrant Com. for the Special Meeting of December 7, 1936, to be inserted in the next annual warrant.

On being put to a vote, the Moderator declared that it was voted in the negative.

Mr. O'Brien doubted the vote. The Moderator asked if there were seven people who doubted it and there were not. The Moderator again declared that it was voted in the negative.

**Article 12.** To see if the Town will vote to change the number of voting precincts from three to four by sub-dividing Precinct 1 into two precincts to be known as Precinct 1 and Precinct 4, the latter precinct, containing 462 registered voters, to be defined as follows:

"Beginning at the Medfield line where the Taunton Division of the New York, New Haven and Hartford Railroad bisects the line; thence running along the railroad to a point opposite the Turner Ice House; thence turning and running easterly in a straight line to the intersection of Main Street and the Neponset River; thence along said Neponset River in a Northeasterly direction to Plimpton Street where it intersects the line of Precinct 2; thence along the established line of Precinct 2 to the Norwood line; thence along the town lines of Norwood, Westwood and Medfield to the point of beginning," or do or act anything in relation thereto.

On motion made by the Selectmen, it was moved and seconded, that the Town change the number of voting precincts from three to four by sub-dividing Precinct 1 into two precincts to be known as Precinct 1 and Precinct 4, the latter precinct, containing 462 registered voters to be defined as follows:

Beginning at the Medfield line where the Taunton Division of the New York, New Haven and Hartford Railroad bisects the line; thence running along the railroad to a point opposite the Turner Ice House; thence turning and running easterly in a straight line to the intersection of Main Street and the Neponset River; thence along said Neponset River in a Northeasterly direction to Plimpton Street where it intersects the line of Precinct 2; thence along the established line of Precinct 2 to the Norwood line; thence along the town lines of Norwood, Westwood, Dover and Medfield to the point of beginning.

On being put to a vote, the Moderator declared that it was voted in the negative.

**Voted:** that this meeting be dissolved.

Attest:

**KATHERINE J. HIGGINS,**

Town Clerk of Walpole
